Hi Nancy,

I received this public comment regarding today's ZA item over the weekend.

Re: PLN23-0276

As an owner of a property across the street from 1628 Webster and a longtime resident of the City of Alameda, I am in full support of the applicant and the use permit fo but you know what they're talking about here is a permit and variance approval of a used permit to allow two new residential units on the ground floor and a variance to reduce the number of required long-term bicycle parking spaces. That's the only thing we're approving, you're supporting as an owner of a property across the street from 1628 Webster and a longtime residents that I am in full support of the full support of the use permit.
