**To:** Amanda Gehrke; Lois Butler  
**Subject:** Draft RFP Feedback

Hello Amanda and Lois,

Thanks for passing along a copy of the Draft RFP -- it looks great!

I have a few suggestions if you don't mind:

- 1) On page 6 under proposal requirements for Cultural Arts & Arts Programming, I would suggest that you ask for work samples to help the PAC and city staff vet the proposed projects.
- 2) On page 7, under the Public Art Commission Evaluation

I would suggest that you add the Local Preference as a factor at 5% and drop the schedule percentage from 10% to 5% to accommodate the additional factor.

Thanks again for all your hard work on this!

best wishes,  
bean

**Subject:** Alameda Public Art Commission Meeting Feb 15 needs full attendance

Dear Alan,

I am so pleased and encouraged that the The Public Art Commission meets next Wednesday, Feb 15. This is a Commission that is very important to the artistic community of Alameda. It is vital for Alameda to complete development of an Arts Fund plan and RFP for public arts projects. Those of us in the Arts Community, and our many local patrons, are standing by waiting for the results. Our opera company was very fortunate this year to have Trish Spencer recently at a performance of our opera, Don Pasquale, at the Alameda Elks Lodge. Island City Opera is truly a local Alameda Arts organization that deserves community support.

Please attend this meeting and support the arts in Alameda.

Very truly yours,

**Susan Dunn, Island City Opera of Alameda**
