

**CITY OF ALAMEDA**  
**OPEN GOVERNMENT COMMISSION**

**ANNUAL PUBLIC REPORT**

Under the City of Alameda's "Sunshine Ordinance", Article VII of Chapter II of the Alameda Municipal Code, the Open Government Commission is to prepare an Annual Public Report to be placed on the City's website and made generally available to the public in printed form of alleged violations of the Ordinance that were brought to the attention of the Commission during the previous calendar year. The Report shall identify the nature of the alleged violation, the relief sought, the disposition thereof and the location of all records relevant to each complaint.

During 2018, there were three complaints but two of them were withdrawn. That complaint the Commission did hear alleged that the City Council had violated Sections 2-90.1 and 2-91.5 of the Ordinance because the agenda description for an item on the Council's October 16, 2018 agenda was inadequate in light of the action that the Council took that evening. The Commission heard the complaint at its meeting on November 14, 2018 and on December 17, 2018 and sustained the complaint. The records relevant to this complaint are located in the City Clerk's Office.

Dated: February 4, 2018
