Subject: [EXTERNAL] Golf Commission Meeting Tonight
Date: Tuesday, September 13, 2022 11:41:38 AM

Amy, I'm having trouble finding the link for tonight's Golf Commission Meeting and I would also like to submit a public comment / question.

The questions: 1.) Why is the city waiting to take over completing the North Course when it is separate from any internal litigation among members of Greenway?
2.) Why does the city continue to allow ineffective management resulting in the wasting asset of the Corica Complex and when will it end?

Every time I'm on the course I see more and more ugly growth on the back nine. It's very sad. In addition traffic on both courses is low.

Many thanks for your quick response.

Stewart
