

Exhibit 5

Temporary Slow Street Barricade Replacement Alternative

- From San Francisco's current toolkit for Slow Streets
 - Well-studied and effective for “soft diversion”
- Alameda options:
 - Modify text/images on paddle for Alameda
 - Educate community on transition from Slow Street to Neighborhood Greenway and direct people on how to provide input.
 - Sample: “Neighborhood Greenway in Progress” with QR code to project webpage
 - Could replace a select number of barricades at major street crossings and start/end points of Slow Streets.
