

ORIGINAL

COOPERATION AGREEMENT
(Pope/Webster Street Site Project)

THIS AGREEMENT entered into this 19th day of January, 1983, by and between the Housing Authority of the City of Alameda, a Public Body, Corporate and Politic, (herein called the "Local Authority") and the City of Alameda, a Municipal Corporation, (herein called the "Municipality"), witnesseth:

In consideration of the mutual covenants hereinafter set forth, the parties hereto do agree as follows:

1. Whenever used in this Agreement:

(a) The term "Project" shall mean any low-rent housing hereafter developed as an entity by the Local Authority with financial assistance of the United States of America acting through the Secretary of Housing and Urban Development (herein called the "Government"), excluding, however, any low-rent housing project covered by any contract for loans and annual contributions entered into between the Local Authority and the Government, or its predecessor agencies, prior to the date of this Agreement.

(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and nondwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and nondwelling utilities.

2. The Local Authority shall endeavor (a) to secure a contract or contracts with the Government for loans and annual contributions covering the project which shall be comprised of approximately one hundred eighty-five (185) units of low rent housing for senior citizens in the area now known as the Pope/Webster Street site of Makassar, at Webster Street near Pope and Ford Streets in Alameda, California, and (b) to develop and administer such Project which shall be located within the corporate limits of the Municipality as herein specified. The obligations of the parties hereto shall apply to such Project.

3. (a) Under the constitution and statutes of the State of California, all Projects are exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body, with respect to any Project, so long as either (i) such Project is owned by a public body or governmental agency and is used for low rent housing purposes, or (ii) any contract between the Local Authority and the Government for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the Government in connection with such Project remain unpaid whichever period is the longest, the Municipality agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Local Authority with respect thereto. During such period, the Local Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of such taxes and special assessments and in payment for the public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) Each such annual Payment in Lieu of Taxes shall be made at the time when real property taxes on such Project would be paid if it were subject to taxation, and shall be in an amount equal to either (i) ten percent (10%) of the Shelter Rent actually collected but in no event to exceed ten percent (10%) of the Shelter Rent charged by the Local Authority in respect to such Project during the twelve (12) months' period ending March 1st of each year before such payment is made or (ii) the amount permitted to be paid by applicable state law in effect on the date such payment is made, whichever amount is the lower.

(c) The Municipality shall distribute the Payments in Lieu of Taxes among the Taxing Bodies to which it normally makes such payments in the proportion which the real property taxes which would have been paid to each Taxing Body for such year if the Project were not exempt from taxation bears to the total real property taxes which would have been paid to all such Taxing Bodies for such year if the Project were not exempt from taxation; Provided, however, that no payment for any year shall be made to any Taxing Body in excess of the amount of the real property taxes which would have been paid to such Taxing Body for such year if the Project were not exempt from taxation.

(d) Upon failure of the Local Authority to make any Payment in Lieu of Taxes, no lien against any Project or assets of the Local Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

4. During the period commencing with the date of the acquisition of any part of the site or sites of any Project and continuing so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes or (ii) any contract between the Local Authority and the Government for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the Government in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Local Authority or the tenants of such Project (other than the Payments in Lieu of Taxes) shall:

(a) Furnish or cause to be furnished to the Local Authority and the tenants of such project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Municipality;

(b) Vacate such streets, roads, and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Local Authority such interest as the Municipality may have in such vacated areas; and, in so far as it is lawfully able to do so without cost or expense to the Local Authority or the Municipality, cause to be removed from such vacated areas, in so far as it may be necessary, all public or private utility lines and equipment;

(c) Insofar as the Municipality may lawfully do so, (i) grant such deviations from the building code of the Municipality as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and at the same time safeguard health and safety, and (ii) make such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection of such Project and the surrounding territory;

(d) Accept grants of easements necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Municipality and the Local Authority may find necessary in connection with the development and administration of such Project.

5. In respect to any Project the Municipality further agrees that within a reasonable time after receipt of a written request therefor from the Local Authority:

(a) It will accept the dedication of all interior streets, roads, alleys, and adjacent sidewalks within the area of such Project, together with all storm and sanitary sewer mains in such dedicated areas, after the Local Authority, at its own expense, has completed the grading, improvement, paving and installation thereof in accordance with specifications acceptable to the Municipality;

(b) It will accept necessary dedications of land for, and will grade, improve, pave, and provide sidewalks for, all streets bounding such Project or necessary to provide adequate access thereto (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned); and

(c) It will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof (in consideration whereof the Local Authority shall pay to the Municipality such amount as would be assessed against the Project site for such work if such site were privately owned).

6. If by reason of the Municipality's failure or refusal to furnish or cause to be furnished any public services or facilities which it has agreed hereunder to furnish or to cause to be furnished to the Local Authority or to the tenants of any Project, the Local Authority incurs any expense to obtain such services or facilities then the Local Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Municipality in respect to any Project or any other low-rent housing projects owned or operated by the Local Authority.

7. No Cooperation Agreement heretofore entered into between the Municipality and the Local Authority shall be construed to apply to any Project covered by this Agreement, except as provided for in Paragraph 10 hereof.

8. No member of the governing body of the Municipality or any other public official of the Municipality who exercises any responsibilities or functions with respect to any Project during his tenure or for one year thereafter shall have any interest, direct or indirect, in any Project or any property included or planned to be included in any project, or any contracts in connection with such Projects or property. If any such governing body member or such other public official of the Municipality involuntarily acquires or had acquired prior to the beginning of his tenure any such interest, he shall immediately disclose such interest to the Local Authority.

9. So long as any contract between the Local Authority and the Government for loans (including preliminary loans) or annual contributions, or both, in connection with any Project remains in force and effect, or so long as any bonds issued in connection with any Project or any monies due to the Government in connection with any Project remain unpaid, this Agreement shall not be abrogated, changed, or modified without the consent of the Government. The privileges and obligations of the Municipality hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Local Authority or by any other public body or governmental agency, including the Government, authorized by law to engage

in the development or administration of low-rent housing projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including the Government, the provisions hereof shall inure in the benefit of and may be enforced by, such other public body or governmental agency, including the Government.

10. This Agreement shall terminate two years after the date of its approval unless the project described in Paragraph 2 of this Agreement has been approved by HUD. In the event of said termination or in the event that an approved project is not built and approval therefor is withdrawn or otherwise terminated, that Agreement dated June 2, 1954 between the parties hereto shall be reinstated in full force and effect.

IN WITNESS WHEREOF, the Municipality and the Local Authority have respectively signed this Agreement and caused their seals to be affixed and attested as of the day and year first above written.
