MARROW DONOR REGISTRY DRIVE, in honor of Joey LoParo

27 year old Joey LoParo, son of Joe and Laura LoParo, was recently diagnosed with Lymphoma, an aggressive cancer of the blood. Joey's aunt passed away from the same cancer the year he was born.

Joey's best hope for a cure is a marrow transplant. His sister was not a match and his brother is only a half match, so Joey will need to find an anonymous donor through Be The Match Registry. Consider joining the marrow donor registry, volunteering your time, or contributing financially. Funds raised will support growing the registry, patient services, and critical research.

YOUR DOLLARS SAVE LIVES.
