

Leydecker Playground

Alameda Recreation and Parks
Department

November 13, 2025

Why Leydecker?

- Built in 1991
- Average playground lifespan 10-15 years
- Recent repairs needed

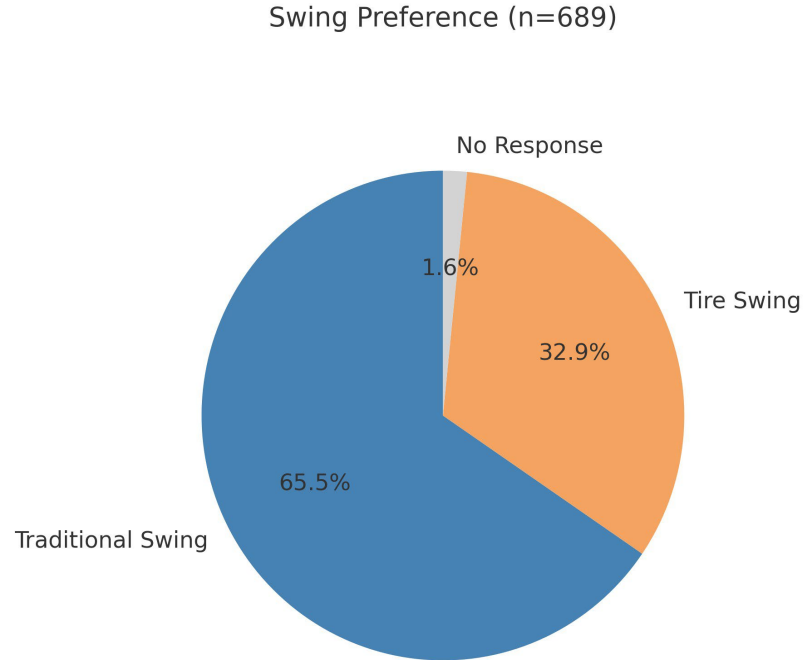

Community Engagement and Input

- Two separate surveys distributed to 13,000+ community members
- Outreach conducted via email and signage with QR codes at key locations
- Received 1,200+ survey responses

Initial Survey

- Modern vs traditional design
- Swing preference
- Theme suggestions

Option A

Option B

Option C

Final Selection

- Combination of modern and traditional features
- Traditional and toddler swings
- Nautical/island theme

Timeline

- Expected delivery: Spring 2026
- Duration of construction: approx. one month (demolition to installation)
- Minimal impact on users/programs

Thank you!
