

30 Meter x 25 Yard Pool

Activity Pool

Pros

- Accommodates a majority of programming elements
- Provides ample learn-to-swim opportunities; develop a ♥ for water!
- Delivers on diverse aquatics programming
- Ensures equity & access to water activities
- Provides two different temperatures for both training & slower paced classes
- Decreases soil stabilization construction cost to mitigate differential settlement
- Decreases dewatering & costs associated with shallow water table pool uplift
- Decreases future operating cost; less volume to heat, clean, & replace

Cons

- Eliminates opportunity for long course competitions
- Reduces number of lap swimming lanes
