Alameda Aquatic Center -Joint Meeting City Council and Recreation and Parks Commission

Vision Statement for Project:

The Alameda Aquatic Center project aspires to create an inclusive and dynamic aquatic space that harmoniously caters to the diverse needs of our residents. With a thoughtful approach to pool space and design, we prioritize both recreational enjoyment and competitive excellence, ensuring that the voices of all community members are heard. Our commitment extends to a flexible-use recreational pool, designed for swim lessons, lap swim, family recreation, promoting a healthy and active lifestyle for everyone. The Alameda Aquatic Center project is a testament to our commitment to building a sustainable, welcoming, and affordable space that truly serves the needs of our vibrant community.
