REPORTS FROM COMMISSIONERS

- Commissioner Nguyen: Spent time at Jean Sweeney Park, commented on the efficiency of the garbage cans. Visited the Godfrey volleyball court and is looking forward to playing volleyball on it.
- Commissioner Navarro: Sad that she missed the Waterfront Park Grand Opening as she was out of town. Has been talking to the public and trying to find ideas to get the East End Dog Park going. Said she hopes people would stop using Lincoln Park as a dog park and letting their dogs be off leash there.
- Commissioner Jones: Moved last month from the East End to the West End so doesn't have much to report. Has been taking her dog to the dog park by the Ferry Building which is fantastic with plenty of parking and space.
- Vice Chair Robbins: Agreed to represent ARPD in behalf of the Recreation and Park Commission to speak at the City Council Meeting for the budget workshop May 10 and 12. Attended the opening of the Waterfront Park and said it was fantastic. Shout out to Rhythmix and West End Arts District for amazing performances. Noticed there is a lack of shade structures

at the Waterfront Park and spoke to the architect who said they would try to add them in phase 2. In charge of the Home Town Hero's Float at the 4th of July Parade and is open for volunteers to help. Will be one of the judges for the Sandcastle contest on June 11, 2022. Attended the Association of Environmental Planners Conference in Yosemite and was talking to different planners around the country who were impressed with Alameda changing one of our park's name to represent the Chochenyo people.

- Chair Alexander: Attended the Waterfront Park Grand Opening and said it was fabulous; entertainment and food trucks were wonderful, great to see the public riding scooters and bikes, commended staff on their hard work. Interested in seeing the 70th Anniversary of the T-shirt league rebooted this year and would like to see some type of celebration in honor of the 70 years and encouraged kids to come out for the t-shirt league. Has seen a lot of Volleyball games at Tillman Park on the weekends, soccer at Ritler Park and girls softball is back at Krusi along with the over 65 men who are practicing at Krusi. Dropped by Chochenyo Park and it looks like the kids and parents are enjoying the new playground. Good to see the merry-go-round back at Franklin. Noticed more dogs running loose off leash in the parks which is an issue and hopes there will be a solution soon.

Success story from Connections and Senior Resources case manager Shawn Minter:

- A 57-year-old female that lives in Alameda with her husband needed financial assistance. Both have health conditions and need more income to meet their financial obligations. They also needed assistance with finding a part-time job. The Case Manager helped the senior develop a resume and

posted it on several temporary job sites. The client was notified and got an interview with The City of Oakland Senior Access Program; she is now working 20 hours per week doing administrative duties.
