Hi,

The interim city manager did not end his tenure at Davis gracefully. He hired a white supremacist to investigate police misconduct against Black people.
See <https://www.davisvanguard.org/2018/08/analysis-picnic-day-incident-completely-changed-city-davis/>

Please don't hire this person.

Here's a piece from the Sacramento Bee which highlights the comments made by John McGinnis, who our interim city manager approved for hire. This is about his (the interim city manager's) judgement. And the Alameda City Council's in hiring him.
