Quality Emergency Vehicles Since 1974

June 2, 2022

Alameda Fire Department
1300 Park Street
Alameda, CA 94501

To Whom It May Concern:

Professional Sales and Service, LC respectfully provides the Alameda Fire Department the following estimate for a new ambulance vehicle. We appreciated the opportunity to work with you now and look forward to helping you with your ambulance needs in the future.

The following proposal reflects a new Type I ambulance equipped with similar options and feature configuration to the Horton ambulance discussed with you in previous conversations. The proposal is as follows:

One (1) 2023 Horton 623F Type I 2WD Custom Ambulance Mounted on a 2023 Ford F-550 4x2 Diesel Chassis

The module body will be 173" long and have an interior height of 74" inches. It will be mounted on a 2023 Ford F-550 4X2 with a Diesel Motor dual rear wheel cab/chassis. This proposal includes Horton's electrical system: The I4g – The most advanced electrical system available which incorporates solid-state electronics with Multiplexing technology. It also includes weight saving all-aluminum module body, NO-wood construction, aluminum cabinetry, electrical system diagnostic testing, digital computer consoles, privacy windows, LED lighting package and much more.

<u>Ambulance Price (Spec. to match Prod # 20332)...</u>	<u>\$328,608.00</u>
<u>Performance Bond</u>	<u>\$1,180.00</u>
<u>Shipping.....</u>	<u>\$4,400.00</u>
<u>Tire Fee (\$1.75 each).....</u>	<u>\$12.25</u>
<u>Final Inspection (2 personnel).....</u>	<u>\$3,500.00</u>
<u>Sales Tax at 10.75%.....</u>	<u>\$36,302.68</u>
<u>Total Delivered Price of Ambulance.....</u>	<u>\$374,002.93</u>

PSS / PROFESSIONAL SALES AND SERVICE, L.C.

Quality Emergency Vehicles Since 1974

Take a look at Horton Emergency Vehicles (HEV) and you will see why they are so well regarded in the ambulance industry and among the finest available anywhere. A Horton emergency vehicle is BUILT TO WITHSTAND the rigors of ambulance service. Horton ambulances are tested and engineered to be incredibly structurally sound which provides the EMS crew and patient with a SAFER WORKING ENVIRONMENT. They are currently the only manufacturer with an ongoing crash simulation testing program to test things like cabinet mounting stability, door structure & latching strength, and body mounting solidity. ALUMINUM CABINETS SAVE PAYLOAD and are much more DURABLE than wood. An ambulance built to a higher quality standard will provide REDUCED OPERATING COSTS over the many years the vehicle is in service!! When it comes to quality, durability, customization, and safety, Horton continues to be a leader in the ambulance manufacturing industry.

PROPOSAL CONDITIONS

F.O.B. POINT: Alameda, CA 94501

DELIVERY: Do to current and on going national supply chain issues specifically in regards to chassis availability. We will be providing estimated delivery times only. Currently Horton standard lead time is approximately 24 months (pending chassis). Please note all delivery times are quoted barring any delays due to strikes, availability of component parts (including chassis), or acts of God

SERVICE: Professional Sales & Service has been selling and servicing ambulances since 1975. We have factory trained technicians and a large inventory of parts, so you know that in the unlikely event of a problem we are only a phone call away.

PAYMENT TERMS: Payment due upon delivery and acceptance of vehicle by the Alameda Fire Department

WARRANTY: Horton Emergency Vehicles feature one of the most progressive, no-nonsense warranties around. Horton does not pro rate their warranties so there are no surprises should you ever need it.
