Firebrand Artisan Breads Retail Location Scope of Work

Firebrand, PBC is a mission driven bakery that provides high quality jobs to people who are formerly homeless or incarcerated. Started in 2008, Firebrand provides a wide range of wrap around services and support to help provide staff with a stable foundation with which to change the trajectory of their lives in a positive direction. This new retail location will serve the residents of Alameda Point and the surrounding East Bay. We will be providing our signature breads, pastries and coffee, but will also be adding a full service food menu. We will have both indoor and outdoor seating and have extended hours to serve our customers and those of Alamanac Brewery. Almanac and Firebrand will work collaboratively to provide food to their customers, sharing a point of sale system and resources.

The scope of the work is to provide architecture services, construction services, project management, equipment purchases for the buildout of a new full service café and restaurant in our existing facility at 707 W. Tower Ave. The construction will consists of: finishing shell construction, all finishes, polish flooring, provide electrical service, install hood and ventilation system, install necessary plumbing, make any gas connections needed, equipment installation, construction of a new restroom, construction of a storage space, install all necessary lighting, install outdoor furniture and large awning, install fire sprinklers, install ansul system as well as any work necessary for a successful completion of the foregoing work of a certificate of occupancy at the Firebrand Café.

There has already been a large amount of work completed as part of the original construction of the larger production facility. All of this work has been inspected and approved as part of the first phase of construction completed in June of 2021. The following work was completed as part of the first phase of construction

- The gas line for the unit was upsized as part of the larger shell construction and there will be no need for any additional gas to be run to the building. Gas was piped to the retail space, so we'll just need to make connections back to this line.
- All sewer lines have been identified and were tied into as part of the shell construction, so no further trenching in the space will be necessary.
- Electrical capacity was upsized and ample capacity dedicated to the retail space. We will not need to bring additional capacity to the building.
- Water line was upsized and we will not need to bring in any additional capacity.
- Large hood was purchased for the kitchen area and is currently in the building, it will be installed as part of this scope of work.
- Design scope and preliminary architectural work has been completed.

We will need swift approvals for building and health permits to keep this project on time and to maintain cost controls. We will work collaboratively with all appropriate agencies to ensure that this project lands on time.

We estimate that this project will add an additional 15 jobs to Alameda Point and bring additional energy and life to a rapidly growing and expanding area.

MAINTENANCE AND MODIFICATION OF THE IMPROVEMENTS AND FURNITURE, FIXTURES, AND EQUIPMENT (FF&E) AND SECURITY

Section 2.1 <u>Maintenance and Modification of the Improvements and</u> <u>Furniture, Fixtures, and Equipment (FF&E) by Trustor.</u>

Trustor agrees that at all times prior to full payment and performance of the Secured Obligations, Trustor will, at Trustor's own expense, maintain, preserve and keep the Security or cause the Security to be maintained and preserved in good

3

condition. Trustor will from time to time make or cause to be made all repairs, replacements and renewals deemed proper and necessary by it. The Beneficiary shall have no responsibility in any of these matters or for the making of improvements or additions to the Security.

Trustor agrees to pay fully and discharge (or cause to be paid fully and discharged) all claims for labor done and for material and services furnished in connection with the Security, to diligently file or procure the filing of a valid notice of cessation upon the event of a cessation of labor on the work or construction on the Security for a continuous period of thirty (30) days or more, and to take all other reasonable steps to forestall the assertion of claims of lien against the Security of any part thereof. Trustor irrevocably appoints, designates and authorizes Beneficiary as its agent (said agency being coupled with an interest) with the authority, but without any obligation, to file or record any notices of completion or cessation of labor or any other notice that Beneficiary deems necessary or desirable to protect its interest in and to the Security or the Loan Documents; provided, however, that Beneficiary shall exercise its rights as agent of Trustor only in the event that Trustor shall fail to take, or shall fail to diligently continue to take, those actions as hereinbefore provided.

Nothing herein contained shall require Trustor to pay any claims for labor, materials or services which Trustor in good faith disputes and is diligently contesting provided that Trustor shall, within thirty (30) days after the filing of any claim of lien, record in the Office of the Recorder of Alameda County, a surety bond in an amount 1 and 1/2 times the amount of such claim item to protect against a claim of lien.

ARTICLE 3 TAXES AND INSURANCE; ADVANCES

Section 3.1 Taxes, Other Governmental Charges and Utility Charges.

With respect to

taxes, special assessments or other similar governmental charges, Trustor shall pay such amount in full prior to the attachment of any lien therefor on any part of the Security; provided, however, if such taxes, assessments or charges may be paid in installments, Trustor may pay in such installments. Except as provided in clause (ii) of the first sentence of this paragraph, the provisions of this Section shall not be construed to require that Trustor maintain a reserve account, escrow account, impound account or other similar account for the payment of future taxes, assessments, charges and levies.

In the event that Trustor shall fail to pay any of the foregoing items required by this Section to be paid by Trustor, Beneficiary may (but shall be under no obligation to) pay the same, after the Beneficiary has notified Trustor of such failure to pay and Trustor fails to fully pay such items within seven (7) business days after receipt of such notice. Any amount so advanced therefor by Beneficiary, together with interest thereon from the date of such advance at the maximum rate permitted by law, shall become part of the Secured Obligations secured hereby, and Trustor agrees to pay all such amounts.

Section 3.2 Provisions Respecting Insurance.

Trustor agrees to provide insurance conforming in all respects to that required under the Loan Documents during the course of construction and following completion, and at all times until all amounts secured by this Deed of Trust have been paid and all Secured Obligations secured hereunder fulfilled, and this Deed of Trust reconveyed.

All such insurance policies and coverages shall be maintained at Trustor's sole cost and expense. Certificates of insurance for all of the above insurance policies, showing the same to be in full force and effect, shall be delivered to the Beneficiary upon demand therefor at any time prior to Trustor's satisfaction of the Secured Obligations.

Section 3.3 Advances.

In the event Trustor shall fail to maintain the full insurance coverage required by this Deed of Trust or shall fail to keep the Security in accordance with the Loan Documents, the Beneficiary, after at least seven (7) days' prior notice to Trustor, may (but shall be under no obligation to) take out the required policies of insurance and pay the premiums on the same or may make such repairs or replacements as are necessary and provide for payment thereof; and all amounts so advanced therefor by the Beneficiary shall become part of the Secured Obligations (together with interest as set forth below) and shall be secured hereby, which amounts Trustor agrees to pay on the demand of the Beneficiary, and if not so paid, shall bear interest from the date of the advance at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

ARTICLE 4

AGREEMENTS AFFECTING THE PROPERTY; FURTHER ASSURANCES; PAYMENT OF PRINCIPAL AND INTEREST

Section 4.1 Other Agreements Affecting Property.

Trustor shall duly and punctually perform all terms, covenants, conditions and agreements binding upon it under the Loan Documents and any other agreement of any nature whatsoever now or hereafter involving or affecting the Security or any part thereof.

Section 4.2 Agreement to Pay Attorneys' Fees and Expenses.

In the event of any Event of Default (as defined in Section 5.1) hereunder, and if the Beneficiary should employ attorneys or incur other expenses for the collection of amounts due or the enforcement of performance or observance of an obligation or agreement on the part of Trustor in this Deed of Trust, Trustor agrees that it will, on demand therefor, pay to the Beneficiary the reasonable fees of such attorneys and such other reasonable expenses so incurred by the Beneficiary (including, but not limited to, other professional service fees and costs); and any such amounts paid by the Beneficiary shall be added to the Secured Obligations, and shall bear interest from the date such expenses are incurred at the lesser of ten percent (10%) per annum or the maximum rate permitted by law.

Section 4.3 Payment of the Principal.

Trustor shall pay to the Beneficiary the Principal and any other payments as set forth in the Note in the amounts and by the times set out therein.

Section 4.4 Financing Statement.

Trustor shall execute and deliver to the Beneficiary such financing statements pursuant to the appropriate statutes, and any other documents or instruments as are required to convey to the Beneficiary a valid perfected security interest in the Security. Trustor agrees to perform all acts which the Beneficiary may reasonably request so as to enable the Beneficiary to maintain such valid perfected security interest in the Security in order to secure the payment of the Note in accordance with its terms. The Beneficiary is authorized to file a copy of any such financing statement in any jurisdiction(s) as it shall deem appropriate from time to time in order to protect the security interest established pursuant to this instrument. Trustor shall pay all costs of filing such financing statements and any extensions, renewals, amendments, and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements, and releases thereof, as the Beneficiary may reasonably require. Without the prior written consent of the Beneficiary, Trustor shall not create or cause to be created pursuant to the California Commercial Code any other security interest in the Security, including replacements and additions thereto.

Section 4.5 Operation of the Security.

Trustor shall operate the Security (and, in case of a transfer of a portion of the Security subject to this Deed of Trust, the transferee shall operate such portion of the Security) in full compliance with the Loan Documents.

Section 4.6 Inspection of the Security.

At any and all reasonable times, the Beneficiary and its duly authorized agents, attorneys, experts, engineers, accountants and representatives, shall have the right, without payment of charges or fees, to inspect the Security, provided, however, that any such inspection shall not unreasonably disturb or violate the rights of any tenants or other occupants of the Property.

Section 4.7 Nondiscrimination.

The Trustor herein covenants by and for itself, its heirs, executors, administrators, and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, age, sex, sexual orientation, source of income, marital status, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Security, nor shall Trustor itself or any person claiming under or through Trustor establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sub lessees or vendees in the Development. The foregoing covenants shall run with the land.

ARTICLE 5

EVENTS OF DEFAULT AND REMEDIES

Section 5.1 Events of Default.

(a) The following shall constitute events of default ("**Events of Default**") following the expiration of any applicable notice and cure period included in the Loan Agreement: (i) failure to make any payment to be paid by

Trustor under the Loan Documents; (ii) failure to observe or perform any of Trustor's other covenants, agreements or obligations under the Loan Documents, including, without limitation, the provisions concerning discrimination; or (iii) failure to make any payment or observe or perform any of Trustor's other covenants, agreements, or obligations under any Secured Obligations, which default shall not be cured within the times and in the manner provided therein.

Section 5.2 Acceleration of Maturity.

If an Event of Default shall have occurred and be continuing beyond any applicable notice and cure period, then at the option of the Beneficiary, the amount of any payment related to the Event of Default and all unpaid Secured Obligations shall immediately become due and payable, upon written notice by the Beneficiary to Trustor (or automatically where so specified in the Loan Documents), and no omission on the part of the Beneficiary to exercise such option when entitled to do so shall be construed as a waiver of such right.

Section 5.3 The Beneficiary's Right to Enter and Take Possession.

If an Event of Default shall have occurred and be continuing beyond any applicable notice and cure period, the Beneficiary may:

(a) Either in person or by agent, with or without bringing any action or proceeding, or by a receiver appointed by a court, and without regard to the adequacy of its security, enter upon the Security and take possession thereof (or any part thereof) and of any of the Security, in its own name or in the name of Trustee, and do any acts which it deems necessary or desirable to preserve the value or marketability of the improvements and FF&E, or part thereof or interest therein, increase the income therefrom or protect the security thereof. The entering upon and taking possession of the Security shall not cure or waive any Event of Default or Notice of Sale (as defined below) hereunder or invalidate any act done in response to such Event of Default or pursuant to such Notice of Sale, and, notwithstanding the continuance in possession of the Security, Beneficiary shall be entitled to exercise every right provided for in this Deed of Trust, or by law upon occurrence of any Event of Default, including the right to exercise the power of sale;

(b) Commence an action to foreclose this Deed of Trust as a mortgage, appoint a receiver, or specifically enforce any of the covenants hereof;

(c) Deliver to Trustee a written declaration of default and demand for sale, and a written notice of default and election to cause Trustor's interest in the Security to be sold ("Notice of Default and Election to Sell"), which notice Trustee or Beneficiary shall cause to be duly filed for record in the Official Records

8

of Alameda County; or

(d) Exercise all other rights and remedies provided herein, in the instruments by which Trustor acquires title to any Security, or in any other document or agreement now or hereafter evidencing, creating or securing all or any portion of the Secured Obligations.

Section 5.4 <u>Receiver</u>.

If an Event of Default shall have occurred and be continuing beyond any applicable notice and cure period, Beneficiary, as a matter of right and without further notice to Trustor or anyone claiming under the Security, and without regard to the then value of the Security or the interest of Trustor therein, shall have the right to apply to any court having jurisdiction to appoint a receiver or receivers of the Security (or a part thereof), and Trustor hereby irrevocably consents to such appointment and waives further notice of any application therefor. Any such receiver or receivers shall have all the usual powers and duties of receivers in like or similar cases, and all the powers and duties of Beneficiary in case of entry as provided herein, and shall continue as such and exercise all such powers until the date of confirmation of sale of the Security, unless such receivership is sooner terminated.

Section 5.5 <u>Remedies Cumulative</u>.

No right, power or remedy conferred upon or reserved to the Beneficiary by this Deed of Trust is intended to be exclusive of any other right, power or remedy, but each and every such right, power and remedy shall be cumulative and concurrent and shall be in addition to any other right, power and remedy given hereunder or now or hereafter existing at law or in equity.

Section 5.6 No Waiver.

(a) No delay or omission of the Beneficiary to exercise any right, power or remedy accruing upon any Event of Default shall exhaust or impair any such right, power or remedy, or shall be construed to be a waiver of any such Event of Default or acquiescence therein; and every right, power and remedy given by this Deed of Trust to the Beneficiary may be exercised from time to time and as often as may be deemed expeditious by the Beneficiary. Beneficiary's express or implied consent to breach, or waiver of, any obligation of Trustor hereunder shall not be deemed or construed to be a consent to any subsequent breach, or further waiver, of such obligation or of any other obligations of Trustor hereunder. Failure on the part of the Beneficiary to complain of any act or failure to act or to declare an Event of Default, irrespective of how long such failure continues, shall not constitute a waiver by the Beneficiary of its right hereunder or impair any rights, power or remedies consequent on any Event of Default by Trustor.

If the Beneficiary (i) grants forbearance or an extension of time $\{b\}$ for the payment or performance of any Secured Obligations, (ii) takes other or additional security or the payment of any sums secured hereby, (iii) waives or does not exercise any right granted in the Loan Documents, (iv) releases any part of the Security from the lien of this Deed of Trust, or otherwise changes any of the terms, covenants, conditions or agreements in the Loan Documents, (v) consents to the granting of any other right affecting the Security, or (vi) makes or consents to any agreement subordinating the lien hereof, any such act or omission shall not release, discharge, modify, change or affect the original liability under this Deed of Trust, or any other obligation of Trustor or any subsequent purchaser of the Security or any part thereof, or any maker, co-signer, endorser, surety or quarantor (unless expressly released); nor shall any such act or omission preclude the Beneficiary from exercising any right, power or privilege herein granted or intended to be granted in any Event of Default then made or of any subsequent Event of Default, nor, except as otherwise expressly provided in an instrument or instruments executed by the Beneficiary shall the lien of this Deed of Trust be altered thereby.

Section 5.7 Suits to Protect the Security.

The Beneficiary shall have power to (a) institute and maintain such suits and proceedings as it may deem expedient to prevent any impairment of the Security and the rights of the Beneficiary as may be unlawful or any violation of this Deed of Trust, (b) preserve or protect its interest (as described in this Deed of Trust) in the Security, and (c) restrain the enforcement of or compliance with any legislation or other governmental enactment, rule or order that may be unconstitutional or otherwise invalid, if the enforcement for compliance with such enactment, rule or order would impair the Security thereunder or be prejudicial to the interest of the Beneficiary.

Section 5.8 Trustee May File Proofs of Claim.

In the case of any receivership, insolvency, bankruptcy, reorganization, arrangement, adjustment, composition or other proceedings affecting Trustor, its creditors or its property, Trustee or the Beneficiary, to the extent permitted by law, shall be entitled to file such proofs of claim and other documents as may be necessary or advisable in order to have the claims of the Beneficiary allowed in such proceedings and for any additional amount which may become due and payable by Trustor hereunder after such date.

Section 5.9 <u>Waiver</u>.

Trustor waives presentment, demand for payment, notice of dishonor, notice of protest and nonpayment, protest, notice of interest on interest and late charges, and diligence in taking any action to collect any Secured Obligations or in proceedings against the Security, in connection with the delivery, acceptance, performance, default, endorsement or guaranty of this Deed of Trust.

ARTICLE 6 MISCELLANEOUS

Section 6.1 <u>Amendments</u>.

This Deed of Trust cannot be waived, changed, discharged or terminated orally, but only by an instrument in writing signed by Beneficiary and Trustor.

Section 6.2 <u>Reconveyance by Trustee</u>.

Upon written request of Beneficiary stating that all Secured Obligations have been paid or forgiven, and all obligations under the Loan Documents have been performed in full upon expiration of the term of the Regulatory Agreement, and upon surrender of this Deed of Trust to Trustee for cancellation and retention, and upon payment by Trustor of Trustee's reasonable fees, Trustee shall reconvey the Security to Trustor, or to the person or persons legally entitled thereto.

Section 6.3 <u>Captions</u>.

The captions or headings at the beginning of each Section hereof are for the convenience of the parties and are not a part of this Deed of Trust.

Section 6.4 Invalidity of Certain Provisions.

Every provision of this Deed of Trust is intended to be severable. In the event any term or provision hereof is declared to be illegal or invalid for any reason whatsoever by a court or other body of competent jurisdiction, such illegality or invalidity shall not affect the balance of the terms and provisions hereof, which terms and provisions shall remain binding and enforceable. If the lien of this Deed of Trust is invalid or unenforceable as to any part of the debt, or if the lien is invalid or unenforceable as to any part of the Security, the unsecured or partially secured portion of the debt, and all payments made on the debt, whether voluntary or under foreclosure or other enforcement action or procedure, shall be considered to have been first paid or applied to the full payment of that portion of the debt which is not secured or partially secured by the lien of this Deed of Trust.

11

Section 6.5 Governing Law.

This Deed of Trust shall be governed by and construed in accordance with the laws of the State of California.

Section 6.6 Gender and Number.

In this Deed of Trust the singular shall include the plural and the masculine shall include the feminine and neuter and vice versa, if the context so requires.

Section 6.7 <u>Actions</u>.

Trustor agrees to appear in and defend any action or proceeding purporting to affect the Security.

Section 6.8 Statute of Limitations.

The pleading of any statute of limitations as a defense to any and all obligations secured by this Deed of Trust is hereby waived to the full extent permissible by law.

Section 6.9 <u>Acceptance by Trustee</u>.

Trustee accepts this Trust when this Deed of Trust, duly executed and acknowledged, is made public record as provided by law. Except as otherwise provided by law, the Trustee is not obligated to notify any party hereto of pending sale under this Deed of Trust or of any action of proceeding in which Trustor, Beneficiary, or Trustee shall be a party unless brought by Trustee.

Alameda, California

, 2022

FOR VALUE RECEIVED, the undersigned, Firebrand Artisan Breads, a perpetual purpose trust ("Borrower") hereby promises to pay to the order of the City of Alameda, a charter city and municipal corporation ("Lender"), the principal amount of Three Hundred Thousand Dollars (\$300,000.00) in lawful money of the United States of America, plus interest, payable as set forth below.

The principal obligation evidenced by this Promissory Note shall be repayable as follows:

1. Three Hundred Thousand Dollars (\$300,000.00) shall bear interest at the rate of two percent (2%) per annum over seven (7) years starting on ______ on the amounts of principal sum remaining unpaid from time to time. Principal and interest are payable in 84 installments of \$4071.43 or more each, on the first day of each and every month beginning on ______ and continuing until _____.

2. In the event Borrower should fail to pay any interest or principal of this note when due, and if such default has not been cured on the date of the next installment payment under this Note, then the entire amount of unpaid principal of this Note, together with all accrued interest, shall become due and payable at the option of Lender, without notice to the undersigned. Failure of Lender to exercise such option shall not constitute a waiver of such or any subsequent default.

3. Payments become delinquent if they remain unpaid 15 days from the day they are due. Upon delinquency, Borrower shall pay a late charge of five percent (5%) of the total of all sums not paid at the time required by any provisions of the Agreement entered into by and between Lender and Borrower under the terms and conditions of the Business Development Financial Assistance Agreement separately executed by Borrower and Lender ("Agreement"). Said five percent (5%) shall be in addition to any principal and/or interest payment due hereunder and shall be due on the date of the next installment payment.

4. In the event of any of the following events, at the option of Lender, all sums of interest and principal of this Note shall become immediately due and payable without notice of default, presentment or demand for payment, protest or notice of nonpayment or dishonor, or other notices or demands of any kind or character:

a. Default in the payment when due of any part or installment of interest or principal; or

b. Default in the performance of any of the covenants and conditions of the Leasehold Deed of Trust securing this Note, or any other document by which this Note is secured; or

Appointment of a receiver or trustee to take possession of any

property of the undersigned or any endorser of this Note; or

d. Attachment of any involuntary lien or liens, of any kind or character, to the assets or property of the undersigned or any endorser of this Note which lien is not removed or a surety bond is not provided for within sixty (60) days.

5. The undersigned agrees that Lender shall have the rights and remedies available to a creditor under, and that this obligation shall be construed in accordance with, the laws of the State of California.

6. The undersigned agrees and acknowledges that Lender has not made any representations concerning Lender's willingness not to exercise, or to delay exercising any right or remedy to endorse this Note. No waiver by Lender of any right or remedy shall be effective unless in writing and signed by Lender and no such waiver on one (1) occasion shall be construed as a waiver on any other occasion. No modification of this Note shall be effective unless the modification is in writing and is signed by Lender.

7. The undersigned agrees that the rights granted to Lender pursuant to this Note shall accrue to any endorsee of this Note who is lawfully in possession of this Note.

8. In the event that suit be brought hereon, or an attorney be employed, or expenses be incurred to compel payment of this Note or any portion of the indebtedness evidenced hereby, the undersigned promises to pay all such expenses and attorney's fees.

9. The Borrower, endorsers, and sureties of this Note, and each of them, hereby waive diligence, demand, presentment offer payment, or protest and notice of protest. In the event there is more than one (1) signatory hereto, each of the obligations undertaken herein is joint and several obligations of each signatory.

10. Notwithstanding anything to the contrary contained herein, if Borrower encumbers, sells, contracts to sell, leases with option to purchase or otherwise transfers any interest in the property subject to the Leaseholder Deed of Trust securing this note (or a beneficial interest in Firebrand Artisan Breads is sold or transferred), then at the option of Lender, the entire principal and interest balance of this note, irrespective of the maturity date expressed herein and without demand or notice, shall be immediately due and payable.

11. Borrower shall incur no prepayment penalty for any payments it makes under this Note.

12. All notices required or permitted in connection with this Note shall be in writing and shall be given to Lender at Alameda City Hall (City Manager's Office) 2263 Santa Clara Avenue, Alameda, CA 94501 and to Borrower at 70 Oak Grove Street, San Francisco, CA 94107. Either party may change its address for notice by written notice to the other.

13. This Note may not be changed orally, but only by an agreement in writing signed by the party against whom enforcement of any waiver, change, modification or discharge is sought with an approval action by the City Manager or Finance Director.

14. This Note shall be governed by and construed in accordance with the laws

of the State of California.

15. If any provision of this Note is deemed unenforceable, the validity, legality and enforcement of the remaining provisions in this Note are not in any way affected or impaired hereby.

16. Time is of the essence with respect to every provision of this Note.
