City of Alameda, CA

RE: Roundabout Project Development

Dear Gail:

Attached is a proposal for a contract amendment to add new work tasks. In Part 1 (Citywide Screening and Project Development), Kittelson will provide roundabout screening and project development based on our conversations with you about continuing to identify potential roundabout applications in the City and advancing promising locations into further project development stages. In Part 2 (Clement/Tilden Way Extension), Kittelson will conduct project scoping activities for the Clement Avenue Extension/Tilden Way Project ("Clement/Tilden project").

The Clement/Tilden project represents an opportunity to connect the Cross Alameda Trail to the Miller-Sweeney Bridge, improving nonmotorized transportation connections between Alameda and Oakland. The project also presents an opportunity to improve transit operations in support of existing AC Transit routes accessing Blanding Avenue and to improve existing truck routes by providing a direct connection between Clement Avenue and Tilden Way. These transportation improvements will help support the Northern Waterfront PDA and complete a key connection in the City's multimodal transportation network.

We are excited to continue to bring our roundabout expertise to the City of Alameda to help the City advance its efforts to improve multimodal connectivity and roadway safety for all road users. Kittelson & Associates, Inc. (Kittelson) provides experience and value at every step of the project development process. We have led and completed project planning, scoping, conceptual design, and final design projects at various scales. Our experience at each level of project development allows us to help clients identify and address critical issues in early stages of project development. In addition to our strong local history of project experience, we also develop national research and guidance documents that document and advance best practices in performance-based design.

Mike Alston will serve as the Project Manager and Erin Ferguson will serve as the Project Principal providing senior review and quality assurance. Any questions of a technical or contractual nature can be directed to either of us.

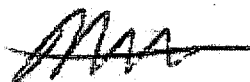

Please review this proposal at your earliest convenience. Thank you for the opportunity to propose on this project. If you have any questions, please call us at 510.433.8076.

PART A - SCOPE OF WORK

TASK 1: PROJECT INITIATION, COORDINATION, AND MANAGEMENT

Task Purpose: Provide active management of project tasks, including frequent communication, budget tracking, and proactive strategy for successful project completion.

Task 1.1: Kickoff Meeting

The Kittelson team will participate in one project initiation/kick-off meeting with City staff. The budget assumes one two-hour meeting with up to three consultant team members. The purpose of the meeting will be to confirm the scope of work and schedule for the project. Prior to the meeting, Kittelson will identify discussion topics and will provide a draft agenda to the City. Kittelson will provide meeting notes including summary of action items and decisions made at the meeting.

Task 1.1 Deliverables:

- Project initiation/kick-off meeting
- Agenda and meeting summary
- Project schedule

Task 1.2: Project Management and Administration

Throughout the study duration, Kittelson will utilize our in-house resources to actively manage the project, including our internal project budget and schedule management systems and will regularly keep the team informed on scope, budget, and schedule status. Kittelson will electronically submit monthly invoices and progress reports containing a summary of activities completed during the past month and those expected for the following month.

Task 1.2 Deliverables:

- Monthly invoices and progress reports

Task 1.3: Biweekly Check-in Meetings

Kittelson will conduct 30-minute biweekly conference calls with the City to provide an update regarding ongoing work, to identify any potential issues that require resolution, and to discuss upcoming milestones. The Kittelson team will develop the agenda for each meeting and will distribute notes outlining decisions, actions, and responsible parties after each meeting.

Task 1.3 Deliverables:

- Meeting agendas and summaries (Word/PDF format, or shared OneNote notebook)

SCREENING AND DEVELOPMENT

TASK 2: CITYWIDE SCREENING

Purpose: Building off the already completed Phase 1 citywide screening, identify locations along the remaining city arterial and collector roadways where roundabouts could be feasible to construct.

Task 2.1 Conduct Screening

Kittelson will conduct a network screening of the City's arterial and collector roadway network to identify locations where roundabouts would be feasible. Figure 1 shows the arterials and collectors in the City according to the City's Transportation Element of the General Plan. Kittelson will work with the City to identify any roadways that can be removed from a network screening if, for example, projects are already under consideration along certain corridors or if recent improvements have been made such as new traffic signals. Locations that already have been identified to date to exclude are as follows:

- Intersections already analyzed as part of phase 1 of the citywide roundabouts screening including Grand Street/Otis Drive, Tilden Way/Blanding Avenue/Fernside Boulevard, Fernside Boulevard/Encinal Avenue, Main Street/Appezzato Parkway, Atlantic Avenue/Constitution Way, Main Street/Willie Stargell Avenue and others;
- Alameda Point and Alameda Landing future roadways due to future developer lead and new General Plan policies directing developers to consider roundabouts;
- Central Avenue at Main Street/Pacific Avenue, Third Street/Taylor Avenue, Fourth Street/Ballena Boulevard and Sherman Street/Encinal Avenue (part of Central Avenue Safety Improvement Project);
- Clement Avenue (part of Clement Avenue Safety Improvement Project, Clement Avenue/Tilden Way project and Del Monte development project);
- Harbor Bay Parkway due to the new traffic signal investments;
- Lincoln Avenue/Marshall Way/Pacific Avenue corridor between Broadway and Main Street/Central Avenue/Pacific Avenue (evaluation is in process as part of the safety improvement project for this corridor);
- Mecartney Road/Island Drive (evaluation is in process as part of intersection improvement project);
- Park Street due to the Smart City traffic signal investments;
- Tilden Way between Blanding Avenue and Broadway (part of Clement Avenue/Tilden Way project); and
- Webster Street due to the Smart City traffic signal investments.

Kittelson will verify with the City the availability of any turning movement counts or traffic volume data which would help to inform Kittelson's assumptions regarding whether a roundabout would be a single-lane or multilane thereby changing the roundabout footprint. In the absence of data, Kittelson will use the approaching roadway cross-sections to determine whether a single- or multilane roundabout would adequately serve each intersection.

Figure 1: City of Alameda Major Arterial and Collector Roadway Network

Kittelson will develop a set of assumed inscribed circle diameters (ICDs) to test single- and multilane roundabout footprints at the intersections along these roadways. Using the scaled curb line and parcel data provided by the City, Kittelson will identify intersections where a roundabout may be feasible given the footprint and the extent of any potential right-of-way impacts. In locations where a multilane roundabout may be advisable, Kittelson will test a single- and multilane footprint.

Kittelson will document our findings in a memorandum (see Task 2.3) for the City including supporting maps of the locations identified as potentially feasible.

Task 2.2 Location-Specific Feasibility Assessment

For up to 10 locations where a roundabout footprint appears to be feasible to construct with minimal or no right-of-way conflicts, Kittelson will conduct a more detailed feasibility assessment. The assessment will include considering adjacent land uses, existing and planned bikeways, and any constructability issues. Discussion of site-specific feasibility will be incorporated into the findings memorandum. These top 10 locations will be prioritized using the City's high-injury corridors and intersections, bus routes, and bikeways.

Task 2.3 Findings Memorandum

Kittelson will prepare a draft memorandum documenting the screening and feasibility assessments and identifying locations on the major arterial and collector network where roundabouts would be a promising countermeasure. Upon City review of the memorandum and the initial citywide roundabout screening, Kittelson and the City will identify the two locations for further project development as part of task 3.

Task 2 Deliverables:

- Conference call with the City to discuss screening findings and findings memorandum
- Findings memorandum – draft and final
- Two selected locations for project development in Task 3

TASK 3: PROJECT DEVELOPMENT

*Purpose of task: Develop **roundabout concepts for two locations** to prepare projects for subsequent design and environmental clearance phases.*

Task 3.1 Task Kickoff Meeting

Kittelson will hold a kickoff meeting with City staff to discuss design objectives and constraints. Prior to the meeting, Kittelson will conduct a site visit to each of the two locations to field review the locations and understand project-specific context and planning and design needs.

Task 3.1 Deliverables

- Task kick-off meeting
- Agenda and meeting summary

Task 3.2 Concept Design Development

To develop roundabout concepts for each of the **two locations**, Kittelson will:

- Conduct a.m. and p.m. traffic operations analysis using the *Highway Capacity Manual* 6th edition methodology. The analysis will help to identify the appropriate roundabout lane configurations.
- Summarize volume-to-capacity ratios, queue lengths, delay, and level-of-service for the intersections with existing configurations and with the proposed roundabout concepts.
- Analyze future year traffic volumes at the study intersections to consider future capacity needs. Kittelson will extract relevant future year traffic volume estimates from the Alameda County travel demand model and will confirm appropriate volume estimates with the City in advance of the analysis.
- Prepare one scaled roundabout concept sketch depicted over aerial photography. The sketch will depict edges of the traveled way, key channelization, and central island configuration. The following geometric design elements will be assessed and incorporated into the concept design sketches developed:

- Roundabout location and size
 - Lane numbers and assignments
 - Horizontal alignment of approach treatments
 - Geometric principles of channelization
 - Conceptual striping
 - Pedestrian, bicycle, and bus design features
 - Performance checks for fastest path and design vehicle movements
- Prepare a summary of findings (in bullet points) and figures of each configuration.
 - Conduct one conference call with the City to discuss the concept designs and resultant project findings.

Task 3.2 Deliverables:

- Two scaled roundabout sketches, one at each location
- Performance checks indicating the fastest path and design vehicle checks
- Conference call to discuss concepts and findings

Task 3.2 Assumptions:

- Kittelson will work from available aerial imagery of sufficient resolution for 1 inch = 50 feet at the selected locations (ESRI or Google aerial, or other commercially available base map).
- The City will provide existing a.m. and p.m. turning movement data including pedestrian, bike, and truck classification and counts. The City will identify the desired design vehicles for each movement at each location.
- The City will provide crash data at the intersection and along approaching roadways for the most recently available five-year period.

Task 3.3 Design Refinement

Based on comments and revisions identified in Task 3.2, Kittelson will revise the conceptual design sketch for each of the two locations and provide a scaled sketch electronically following consultation with the City. These sketches will form the basis for developing subsequent horizontal plans in a future project phase that is not included in this scope. Kittelson will compile concept design findings and revised designs into a summary findings memorandum. Kittelson will revise the summary findings memorandum based on one consolidated set of City comments.

Task 3.3 Deliverables

- Revised concept designs, one at each location
- Findings memorandum documenting the roundabout concept sketches, constraints, and performance checks—draft and final

3.4: Commission and Council Hearings

Kittelson will support the City at one Transportation Commission meeting and one City Council meeting. Kittelson will prepare a presentation for the Transportation Commission meeting explaining the project process and outcomes and will present or assist the presentation. City staff can use or revise that presentation for the project's City Council hearing. Kittelson will attend the City Council meeting and be available for questions.

Task 3.4 Deliverables

- Attendance and support in developing materials for one Transportation Commission meeting and one City Council hearing.

Task 3.4 Assumptions:

- Kittelson will include up to two (2) staff members at each hearing. Each hearing is assumed to last up to four (4) hours.

Task 3.5 Grant Writing Support

Kittelson will work with the City to identify appropriate grant funding opportunities to pursue for roundabout projects. Kittelson will prepare supportive materials for the City to apply for up to two grant applications. These materials will include project descriptions, vicinity/location maps, project schematic layouts, collision summaries and diagrams, and planning-level cost estimates for each application (up to two total).

Task 3.5 Deliverables:

- Grant writing assistance task deliverables

TASK 4: PEER REVIEW

Purpose: Review and provide comments on the roundabout concept designs included in the Central Avenue Complete Streets project and for the Lincoln Avenue / Marshall Way / Pacific Avenue project.

Kittelson will obtain the available information from the City regarding the roundabout concepts and complete streets design for Central Avenue and for Lincoln Avenue / Marshall Way / Pacific Avenue, including the horizontal geometry proposed for roundabouts and the cross-sections proposed for the roadways. We will also request any supporting analysis or design checks already completed for roundabouts such as traffic operations analysis, truck turning templates, and speed checks.

Kittelson will review the information and provide comments on the roundabout concept designs as it relates to the lane configurations, horizontal alignment, size of the roundabout, roundabout design features (e.g., length and width of splitter islands), ability to accommodate trucks, and ability to manage vehicle speeds. We will document in our comments in a brief memorandum with supporting mark-ups of the roundabout designs as needed to support the comments. We will conduct a conference call with the City to discuss the comments.

Task 4 Assumptions:

- Concepts and files for peer review will be provided to-scale and in a CAD or similar file format.

- This task assumes up to three total rounds of review at either Central Avenue or Lincoln Avenue / Marshall Way / Pacific Avenue. For the latter project, one review would be comprised of up to four key intersection and a roadway cross-section design.

Task 4 Deliverables:

- Design markups indicating potential for design modifications
- Call with City to discuss findings and recommendations

PART B: CLEMENT/TILDEN WAY EXTENSION

TASK 5: DOCUMENT EXISTING CONDITIONS AND PROJECT UNDERSTANDING

Task Purpose: Confirm existing project area transportation conditions and site issues; verify key project outcomes and constraints.

Task 5.1 Existing Conditions Analysis

Kittelson will confirm and document existing conditions by acquiring and incorporating data provided by the City and collected in this task.

Kittelson will prepare an existing conditions intersection operations model of traffic operations on the project corridor (using PTV Vistro software or similar). Kittelson will conduct a site visit to verify site issues, constraints, and preliminary operational analysis findings. Kittelson will also collect traffic volume data (see below) to build the traffic operations model. Based on City review and comment, Kittelson will prepare a revised final version of the traffic operations model.

Task 5.1 Data Collection

Kittelson will collect AM and PM weekday peak hour (7-9 APM, 5-7 PM) multimodal turning movement counts at the following intersections on one typical (Tuesday or Thursday) weekday:

- Fruitvale Avenue / Blanding Avenue / Tilden Way / Fernside Boulevard
- Tilden Way / Broadway / Eagle Avenue

Task 5.1 Deliverables:

- Draft and Revised Existing Conditions traffic operations models

Task 5.1 Assumptions

The City will provide:

- Intersection signal timing for the following intersections:
 - Fruitvale Avenue / Blanding Avenue / Tilden Way / Fernside Boulevard
 - Tilden Way / Broadway / Eagle Avenue
- Any available operational information related to the Miller-Sweeney drawbridge operations (e.g., frequency and duration of gate arm activation, signal timing and programming in relation to gate arm)
- High resolution aerial imagery of the project study limits, if available
- The ten most recent years of available crash data in the project area

Task 5.2 Existing Conditions and Intended Project Outcomes Memorandum

Kittelson will prepare a memorandum documenting existing conditions analyzed in Task 5.1 based on the traffic operations model and site visit. The memorandum will describe bike, transit, and truck routes and operations and crash history (noting any trends). The memorandum will succinctly describe current conditions/issues and will include an updated project description and “project intended outcomes” statement. The project intended outcomes will define the priorities for concept development and an eventual preferred alternative.

The memorandum will also describe the approach to be taken to develop an appropriate future analysis year scenario (i.e., develop forecast traffic volumes) and will forecast those turning movement volumes at project intersections for subsequent project analysis based on the Alameda County travel demand model outputs.

Based on City review and comment and the community input received as shown in Task 8, Kittelson will prepare a revised final version of the memorandum.

Task 5.2 Deliverables:

- Draft and Revised Existing Conditions and Intended Project Outcomes Memorandum
- Forecast turning movement counts for future year analysis scenario

Task 5.2 Assumptions:

- The City will provide future year analysis scenario assumptions, including nearby development sites, road closures, and lane configurations to match at project scope limits.

TASK 6: CONCEPTUAL ENGINEERING AND ANALYSIS

Task Purpose: Refine, develop, and evaluate design alternatives to select a preferred alternative

Kittelson will prepare up to three (3) conceptual design alternatives for the project. These alternatives include the arrangement of proposed bicycle facilities and bus-only lanes along Tilden Way and variations of intersection configuration and control at three intersections:

- Tilden Way / Fruitvale Avenue & Blanding Avenue / Fernside Boulevard
- Tilden Way / Clement Avenue extension
- Tilden Way / Broadway / Eagle Avenue

Task 6.1: Meeting to Define Alternatives

Kittelson and City staff will host one meeting to confirm specific assumptions for each alternative prior to initiating analyses and development of task deliverables. City staff will identify the relevant parties to attend the meeting (i.e., City department staff). This workshop will be held virtually or in person and will determine the components that will define the alternatives to be studied. At this meeting, Kittelson and City staff will determine the performance measures for evaluation, which may include for example: qualitative safety comparison, capacity, and operational considerations (e.g., queue storage ability and implications), construction costs, transit operations, and nonmotorized quality of service. Kittelson and City staff will determine the appropriate forecast scenario for project development, including roadway

configurations surrounding the project limits. Based on the forecast scenario, Kittelson will develop scenario analysis volumes using the Alameda County travel demand model.

Task 6.1 Deliverables:

- One two-hour meeting, including agenda, preparatory materials in advance, and meeting notes documenting next steps

Task 6.1 Assumptions:

- Kittelson assumes the workshop will be up to two hours long. At the conclusion of the workshop, Kittelson will send out notes and documentation of the alternatives to be developed.
- Kittelson will develop concept alternatives with one set of future condition assumptions (i.e., roadway configuration beyond project limits).

Task 6.2: Draft Design Alternatives and Analysis

Kittelson will prepare draft designs for each of the three alternative concepts as well as a future no-build scenario. The designs will be completed to a "sketch-level," with sufficient resolution to exhibit at 1" = 50'. The draft designs would include edges of traveled way, pedestrian and bicycle facilities, crossing treatments, channelization, driveways, and other notations to share key concept elements. The dimensions of travel lanes and bicycle and pedestrian facilities would be included. The sketch-level approach would include either hand sketch overlaid on the available base map or commensurate level of detail in CAD linework.

Based on the first round of community engagement as stated in Task 8, the City will provide input on the draft design alternatives and will select two staff-preferred alternatives for further refinement in Task 7.

Task 6.2 Deliverables

- Draft concepts for up to three alternatives

TASK 7: CONCEPT REFINEMENT AND EVALUATION

Task Purpose: Evaluate concepts to select a preferred alternative.

Task 7.1: Revised Alternatives

Based on input and comments from Task 6, Kittelson will refine the design alternatives and analysis for two City-preferred alternatives.

Task 7.1 Deliverables:

- Revised design alternatives for up to two (2) City-preferred alternatives

Task 7.2: Alternatives Evaluation and Conceptual-level Cost Estimates

Kittelson will evaluate the alternatives refined in Task 7.1 and a future no-build alternative in relation to the intended project outcomes and performance measures established in the Task 6.1 meeting.

Kittelson will develop a draft evaluation comparison table and conceptual-level cost estimates associated with the two staff-preferred alternatives refined in Task 7.1 and will prepare a revised, final comparison table and cost estimates based on City staff comments. Up to one meeting is assumed to review comments and edits prior to the revision of task deliverables. Kittelson will compile the alternatives evaluation, cost estimates, and associated work to date to prepare a draft preferred alternative memorandum. Kittelson will revise the preferred alternatives memorandum based on one set of consolidated City comments.

Task 7.2 Deliverables:

- Draft alternatives evaluation comparison and conceptual cost estimates
- City and Kittelson meeting to discuss draft comparison and cost estimates
- Final alternatives evaluation comparison and conceptual cost estimates after community input as stated in Task 8
- Draft and final preferred alternative memorandum

Task 7.2 Assumptions:

- Collecting survey information is not included.
- Constructability review is not included.

TASK 8: PUBLIC ENGAGEMENT

Task purpose: Engage members of the public to hear and incorporate their input throughout the concept development process.

Task 8.1: Public Meetings and Online Engagement Tools

Kittelson will prepare materials for and lead the content presentation at two public meetings.

- One public meeting will be identified to occur following the Task 6.1 meeting and will present existing conditions and the concept definitions and approaches to be developed.
- The second public meeting will be held once a draft preferred alternative is selected and will facilitate engagement and community input on the preferred alternative.

In addition to the public meetings, Kittelson will develop a presentation of the same content from each meeting on the City's project website. The engagement materials for the project website will parallel the information presented at the two public meetings in content and detail; Kittelson will provide a method of collecting input on an ongoing basis using the City's online survey capabilities.

Task 8.1 Deliverables:

- Preparation, attendance, and presentation at up to two public meetings
- Development of supportive online engagement materials to present the information from the public meetings in a digestible online format.

Task 8.1 Assumptions:

- The City will advertise, schedule, and host the public meetings.

- Kittelson assumes the public meetings will be held virtually. Kittelson will bring up to two staff members to each meeting.

Task 8.2: Commission and Council Hearings

Kittelson will support the City at one Transportation Commission meeting and one City Council meeting. Kittelson will prepare a presentation for the Transportation Commission meeting explaining the project process and outcomes and will present or assist the presentation. City staff can use or revise that presentation for the project's City Council hearing. Kittelson will attend the City Council meeting and be available for questions.

Task 8.2 Deliverables:

- Attendance and support in developing materials for one Transportation Commission meeting and one City Council hearing.

Task 8.2 Assumptions:

- Kittelson will include up to two (2) staff members at each hearing. Each hearing is assumed to last up to four (4) hours.

TASK 9: 3D VISUALIZATIONS

Kittelson will develop a three-dimensional (3D) model of existing conditions and the preferred alternative to demonstrate the design concept. Engineering CAD files will be used to generate the 3D model to provide accurate representation of the corridor. The model will contain realistic textures, neighboring buildings and features, street collateral (lights, signs, etc.), above-ground utilities, accurate lighting and environmental conditions, and multimodal activity. From the 3D model we will be able to provide the following visual deliverables:

Task 9 Deliverables

- Still images – Kittelson will produce a variety of high-quality, rendered images from the 3D model at key locations to highlight different perspectives and concepts.
- Animation – Kittelson will provide a fly-thru video moving through the corridor to demonstrate the existing conditions and the preferred alternative concept.

The above-listed deliverables are effective tools in stakeholder meetings, charrette meetings, and public meetings. 3D visuals provide a sense of realism to projects and help provide project transparency by giving the stakeholders and interested parties useful tools to better understand complex engineering projects.

A. E. Loss Conditions, Paragraph 7. Valuation, subparagraph b. of Building and Personal Property Coverage Form CP 00 10 is replaced by the following:

- b. If the Limit of Insurance for Building satisfies the Additional Condition, Coinsurance, and the cost to repair or replace the damaged building property is \$2,500 or less, we will pay the cost of building repairs or replacement.

The cost of building repairs or replacement does not include the increased cost attributable to enforcement of any ordinance or law regulating the construction, use or repair of any property.

However, the following property will be valued at the actual cash value even when attached to the building:

- (1) Awnings or floor coverings;
- (2) Appliances for refrigerating, ventilating, cooking, dishwashing or laundering;
- (3) Outdoor equipment or furniture; or
- (4) Retaining walls.

B. The following is added to E. Loss Conditions,

m. "Fine Arts"

We will pay the lesser of:

- (1) The market value at the time of loss or damage;
- (2) The reasonable cost of repair or restoration to the condition immediately before the covered loss or damage; or
- (3) The cost of replacement with substantially identical property.

For pairs or sets, we will either:

- (a) Repair or replace any part to restore the value and condition of the pair or set to that immediately before the covered loss or damage; or
- (b) Pay the difference between the value of the pair or set before and after the covered loss or damage.

n. Property of Others – our payment for loss of or damage to personal property of others will only be for the account of the owners of the property. We may adjust losses with the owners of lost or damaged property if other than you. If we pay the owners, such payments will satisfy your claims against us for the owners' property. We will not pay the owners more than their financial interest in the Covered Property.

- o.** We may elect to defend you against suits arising from claims of owners or property. We will do this at our expense.
- p.** Labor, materials and services that you furnish or arrange on personal property of others are valued based on the actual cost of the labor, materials and services.
- q.** Finished "stock" you manufactured at the selling price less discounts and expenses you otherwise would have had.

r. "Prototypes"

We will not pay more than the lesser of the following amounts:

- (1) The replacement cost of such property used for the same product, but only if replacement cost is shown as applicable to Personal Property in the Declarations.

However, when replacement with identical property is impossible or unnecessary, the amount of loss will be based on the cost to replace with similar property used to perform the same functions. Property of others will be valued in the same manner, but we

will not pay more than the amount for which you are legally liable; or

- (2) The amount you actually spend to repair or replace lost or damaged "prototypes" used for the same purpose.

s. "Research and development documentation":

We will not pay more than the least of the following amounts:

- (1) Your cost actually spent to reproduce lost or damaged "research and development documentation" from back-up files or original source documents;
- (2) The reasonable cost necessary to research, repair, restore, recreate, reconstitute, reproduce or replace "research and development documentation", used for the same product, to their condition immediately before the loss or damage;
- (3) If identical "research and development documentation" cannot be purchased, the cost to purchase such documentation of comparable kind, functionality and quality; or
- (4) The amount you actually spend to research, repair, restore, recreate, reconstitute, reproduce or replace "research and development documentation", used for the same product.

1. Additional Insured by Contract, Agreement or Permit

The following is added to **SECTION II – WHO IS AN INSURED:**

Additional Insured by Contract, Agreement or Permit

- a. Any person or organization with whom you agreed in a written contract, written agreement or permit that such person or organization to add an additional insured on your policy is an additional insured only with respect to liability for "bodily injury", "property damage", or "personal and advertising injury" caused, in whole or in part, by your acts or omissions, or the acts or omissions of those acting on your behalf, but only with respect to:

(1) "Your work" for the additional insured(s) designated in the contract, agreement or permit;

(2) Premises you own, rent, lease or occupy; or

(3) Your maintenance, operation or use of equipment leased to you.

b. The insurance afforded to such additional insured described above:

(1) Only applies to the extent permitted by law; and

(2) Will not be broader than the insurance which you are required by the contract, agreement or permit to provide for such additional insured.

- (3) Applies on a primary basis if that is required by the written contract, written agreement or permit.
 - (4) Will not be broader than coverage provided to any other insured.
 - (5) Does not apply if the "bodily injury", "property damage" or "personal and advertising injury" is otherwise excluded from coverage under this Coverage Part, including any endorsements thereto.
- c. This provision does not apply:
- (1) Unless the written contract or written agreement was executed or permit was issued prior to the "bodily injury", "property damage", or "personal injury and advertising injury".
 - (2) To any person or organization included as an insured by another endorsement issued by us and made part of this Coverage Part.
 - (3) To any lessor of equipment:
 - (a) After the equipment lease expires; or
 - (b) If the "bodily injury", "property damage", "personal and advertising injury" arises out of sole negligence of the lessor
 - (4) To any:
 - (a) Owners or other interests from whom land has been leased which takes place after the lease for the land expires; or
 - (b) Managers or lessors of premises if:
 - (i) The occurrence takes place after you cease to be a tenant in that premises; or
 - (ii) The "bodily injury", "property damage", "personal injury" or "advertising injury" arises out of structural alterations, new construction or demolition operations performed by or on behalf of the manager or lessor.
 - (5) To "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services.
- This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" or the offense which caused the "personal and

advertising injury" involved the rendering of or failure to render any professional services by or for you.

- d. With respect to the insurance afforded to these additional insureds, the following is added to **SECTION III – LIMITS OF INSURANCE**:

The most we will pay on behalf of the additional insured for a covered claim is the lesser of the amount of insurance:

- 1. Required by the contract, agreement or permit described in Paragraph a.; or
- 2. Available under the applicable Limits of Insurance shown in the Declarations.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

2. Additional Insured – Primary and Non-Contributory

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Paragraph 4. Other insurance:

Additional Insured – Primary and Non-Contributory

If you agree in a written contract, written agreement or permit that the insurance provided to any person or organization included as an Additional Insured under **SECTION II – WHO IS AN INSURED**, is primary and non-contributory, the following applies:

If other valid and collectible insurance is available to the Additional Insured for a loss covered under Coverages A or B of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary to other insurance that is available to the Additional Insured which covers the

Additional Insured as a Named Insured. We will not seek contribution from any other insurance available to the Additional Insured except:

- (1) For the sole negligence of the Additional Insured;
- (2) When the Additional Insured is an Additional Insured under another primary liability policy; or
- (3) when b. below applies.

If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in c. below.

b. Excess Insurance

(1) This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(b) That is Fire insurance for premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner;

(c) That is insurance purchased by the Additional Insured to cover the Additional Insured's liability as a tenant for "property damage" to premises rented to the Additional Insured or temporarily occupied by the Additional Insured with permission of the owner; or

(d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of **SECTION I – COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY**.

(2) When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

(3) When this insurance is excess over other Insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and

(b) The total of all deductible and self insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each

insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first. If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers

3. Blanket Waiver of Subrogation

The following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Paragraph 8. **Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damage under this coverage form. The damage must arise out of your activities under a written contract with that person or organization. This waiver applies only to the extent that subrogation is waived under a written contract executed prior to the "occurrence" or offense giving rise to such payments.

POLICY: ZD2D78128002

COMMERCIAL GENERAL LIABILITY
CG 00 01 04 13**COMMERCIAL GENERAL LIABILITY COVERAGE FORM**

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations, and any other person or organization qualifying as a Named Insured under this policy. The words "we", "us" and "our" refer to the company providing this insurance.

The word "insured" means any person or organization qualifying as such under Section II – Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V – Definitions.

SECTION I – COVERAGES**COVERAGE A – BODILY INJURY AND PROPERTY DAMAGE LIABILITY****1. Insuring Agreement**

- a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III – Limits Of Insurance; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments – Coverages A and B.

- b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";

- (2) The "bodily injury" or "property damage" occurs during the policy period; and

- (3) Prior to the policy period, no Insured listed under Paragraph 1. of Section II – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

- c. "Bodily injury" or "property damage" which occurs during the policy period and was not, prior to the policy period, known to have occurred by any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim, includes any continuation, change or resumption of that "bodily injury" or "property damage" after the end of the policy period.

- d. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

- (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
- (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or
- (3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

- e. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".

2. Exclusions

This insurance does not apply to:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" resulting from the use of reasonable force to protect persons or property.

b. Contractual Liability

"Bodily injury" or "property damage" for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages:

- (1) That the insured would have in the absence of the contract or agreement; or
- (2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorneys' fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:
 - (a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and
 - (b) Such attorneys' fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

c. Liquor Liability

- (1) Causing or contributing to the intoxication of any person;
- (2) The furnishing of alcoholic beverages to a person under the legal drinking age or under the influence of alcohol; or

if the "occurrence" which caused the "bodily injury" or "property damage", involved that which is described in Paragraph (1), (2) or (3) above.

However, this exclusion applies only if you are in the business of manufacturing, distributing, selling, serving or furnishing alcoholic beverages. For the purposes of this exclusion, permitting a person to bring alcoholic beverages on your premises, for consumption on your premises, whether or not a fee is charged or a license is required for such activity, is not by itself considered the business of selling, serving or furnishing alcoholic beverages.

e. Employer's Liability

"Bodily injury" to:

- (1) An "employee" of the insured arising out of and in the course of:

 - (ii) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;
 - (iii) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner; or
 - (iv) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Section I – Coverage A – Bodily Injury And Property Damage Liability.
- (b) Any other primary insurance available to you covering liability for damages arising out of the premises or operations, or the products and completed operations, for which you have been added as an additional insured.

(2) When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

(3) When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (a) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (b) The total of all deductible and self-insured amounts under all that other insurance.

(4) We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

- a. The statements in the Declarations are accurate and complete;

- b. Those statements are based upon representations you made to us; and
- c. We have issued this policy in reliance upon your representations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and
- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

Work that may need service, maintenance, correction, repair or replacement, but which is otherwise complete, will be treated as completed.

b. Does not include "bodily injury" or "property damage" arising out of:

- (1) The transportation of property, unless the injury or damage arises out of a condition in or on a vehicle not owned or operated by you, and that condition was created by the "loading or unloading" of that vehicle by any insured;
- (2) The existence of tools, uninstalled equipment or abandoned or unused materials; or

POLICY: DPR9970040

**PROFESSIONAL, ENVIRONMENTAL AND NETWORK SECURITY LIABILITY
POLICY –
ARCHITECTS, CONSULTANTS AND ENGINEERS**

THIS IS A "CLAIMS-MADE AND REPORTED" POLICY. THIS POLICY REQUIRES THAT A CLAIM BE MADE AGAINST THE INSURED DURING A POLICY YEAR AND REPORTED TO THE COMPANY, IN WRITING, DURING THAT POLICY YEAR OR AUTOMATIC EXTENDED REPORTING PERIOD.

CERTAIN STATES MANDATE SPECIFIC WARNINGS, EXCEPTIONS OR CONDITIONS MODIFYING THE TERMS AND CONDITIONS OF THIS POLICY. PLEASE READ THIS POLICY CAREFULLY, INCLUDING THE DECLARATIONS AND ALL ENDORSEMENTS.

THIS POLICY CONTAINS PROVISIONS THAT LIMIT THE AMOUNT OF CLAIM EXPENSES THE COMPANY IS RESPONSIBLE TO PAY IN CONNECTION WITH CLAIMS. CLAIM EXPENSES SHALL BE SUBJECT TO ANY APPLICABLE DEDUCTIBLE AMOUNT. THE PAYMENT OF CLAIM EXPENSES WILL REDUCE THE LIMITS OF LIABILITY STATED IN ITEM 3. OF THE DECLARATIONS.

In consideration of the payment of the Policy Premium stated in Item 5. of the Declarations, and in reliance upon the statements contained in the Application and any other supplemental materials and information submitted to the Company with respect to this Policy, and subject to all the terms and conditions of this Policy, the Company agrees with the NAMED INSURED as follows:

I. INSURING AGREEMENTS

A. Professional Liability

The Company agrees to pay on behalf of the INSURED all sums in excess of the Deductible, subject to the Policy Limits of Liability, that the INSURED becomes legally obligated to pay as DAMAGES and/or CLAIM EXPENSES as a result of any CLAIM(S) first made against the INSURED during a POLICY YEAR and first reported to the Company, in writing, during that POLICY YEAR or within sixty (60) days after the end of that POLICY YEAR, provided that:

1. The CLAIM(S) arises out of a WRONGFUL ACT;
2. Such WRONGFUL ACT was committed or alleged to have been committed on or after the applicable Retroactive Date(s) stated in Item 6. of the Declarations; and
3. Prior to the ANNIVERSARY DATE stated in Item 7. of the Declarations, none of the INSURED'S directors, officers, principals, partners or insurance managers knew or should have known that such WRONGFUL ACT might give rise to a CLAIM(S).

B. Contractors Pollution Legal Liability

The Company agrees to pay on behalf of the INSURED all sums in excess of the Deductible, subject to the Policy Limits of Liability, that the INSURED becomes legally obligated to pay as DAMAGES and/or CLAIM EXPENSES as a result of any CLAIM(S) first made against the INSURED during a POLICY YEAR and first reported to the Company, in writing, during that POLICY YEAR or within sixty (60) days after the end of that POLICY YEAR, provided that:

1. The CLAIM(S) is for POLLUTION CONDITIONS arising out of the performance of CONTRACTING SERVICES rendered by or on behalf of the INSURED;
2. The CONTRACTING SERVICES out of which the POLLUTION CONDITIONS arise were performed on or after to the applicable Retroactive Date(s) stated in Item 6. of the Declarations; and

2. The specific nature and extent of the injury or damage that has been sustained; and
3. How the INSURED first became aware of such CIRCUMSTANCE(S),

then any CLAIM(S) that may subsequently be made against the INSURED arising out of such reported CIRCUMSTANCE(S) shall be deemed to have been made on the date first written notice of the CIRCUMSTANCE(S) was received by the Company. This right conferred upon the INSURED in this Paragraph shall terminate at the end of the POLICY PERIOD and shall not exist during the Automatic Extended Reporting Period or Optional Extended Reporting Period.

XI. OTHER CONDITIONS

A. Cancellation

This Policy may be canceled by the NAMED INSURED by surrender thereof to the Company or any of its authorized agents or by mailing to the Company written notice stating when thereafter the cancellation shall be effective. This Policy may be canceled by the Company by mailing to the NAMED INSURED, at the address stated in Item 1. of the Declarations, written notice stating when, not less than thirty (30) days thereafter (or ten (10) days thereafter for non-payment of premium), such cancellation shall be effective. The mailing of notice as aforesaid shall be sufficient proof of notice. The time of surrender or the effective date and hour of cancellation stated in the notice shall become the end of the POLICY PERIOD. Delivery of such written notice either by the NAMED INSURED or by the Company shall be equivalent to mailing.

If this Policy is canceled, earned premium shall be computed in accordance with the Company's guidelines with respect to cancellation. Premium adjustment may be made either at the time cancellation is effected or as soon as practicable after cancellation becomes effective, but payment or tender of unearned premium is not a condition of cancellation.

B. Action Against The Company

No action may be brought against the Company unless, as a condition precedent thereto, there shall have been full compliance with all of the terms of this Policy, nor until the amount of the INSURED'S obligation to pay shall have been finally determined either by judgment against the INSURED in a contested proceeding after final judgment has been rendered and any appeal decided, or by written agreement of the INSURED, the claimant and the Company. No person or organization shall have any right under this Policy to join the Company as a party to any action against the INSURED to determine the INSURED'S liability, nor shall the INSURED or the INSURED'S legal representative join the Company in such action. Bankruptcy or insolvency of the INSURED or the INSURED'S estate shall not relieve the Company of any of its obligations hereunder.

C. Assignment

This Policy may not be assigned or transferred without written consent of the Company.

D. Subrogation

In the event of any payment under this Policy, the Company shall be subrogated to all the INSURED'S rights of recovery therefor against any person or organization, and the INSURED shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The INSURED shall do nothing after a CLAIM(S) to prejudice such rights.

However, it is agreed that the Company waives its rights of subrogation under this Policy against clients of the INSURED as respects any CLAIM(S) arising from PROFESSIONAL SERVICES, or CONTRACTING SERVICES under the client's contract requiring waiver of subrogation, but only to the extent required by written contract.
