ALAMEDA PUBLIC ART MASTER PLAN:

A Road Map for
Future Investment

November 2023

1. Coordination with City Departments

1. Identify upcoming municipal development projects. Identify and prioritize opportunities within these projects to include Public Art, and then carry those projects over to the Biennial Work Plan. For example, the upcoming roundabout projects.

2. Consider Alameda Rec & Parks Department (ARPD) as a partner in locating physical public artwork in parks. “Gateway to California,” “Rock Spinners,” and “Beken” were all installed in Jean Sweeney Open Space Park with the assistance and partnership of ARPD.

**Public art opportunities for roundabout and ferry terminal locations will be determined in coordination with other City departments and the community*

2. Master Plan Development Criteria

- **Consider visibility**
- **Evaluate accessibility**
- **Equitable geographic distribution**
- **Consider community input**
- **Assess suitability of the environment**
- **Consider historical significance**
- **Evaluate safety**
- **Evaluate maintenance requirements**
- **Evaluate funding and budget constraints**

PUBLIC ART IN ALAMEDA

1. Calimar by Rosella Scapini
