Subject: [EXTERNAL] Maitland Drive Proposal - feedback

Dear Transportation Commission,

I am in favor of the modern round about option at McCartney/Melrose/Maitland.

I would like to request that a neighborhood gateway road treatment be added to the plan, around the area of 500 Maitland Drive to slow down vehicles which drive around the curve at high speeds. I have attached a picture of a simple road treatment.

Sincerely,
Jonathan Lau

Bravo and thank you for the most welcome Pavement Program improvements proposed for Bay Farm Island!

While you're at it, some speed bumps on Sea View Parkway would be very beneficial as well.

Thanks again!

Paul Medved
