Dear Ms. Bonacci:

Thank you for your email. The council will be considering LPRs on Oct 1, and I hope you can come and voice your opinion.

I have copied our City Clerk to share your email with the Mayor, city management, and my council colleagues, if you have not already done so.

Dear Councilmember Tam,

My family and I would like to have speed bumps installed on the main thoroughfares in Bayport. We have had a spate of speeders through the Bayport neighborhood and this would be a good solution in my mind. Additionally, we believe that License Plate Readers (LPRs) for the police are a great enforcement tool for the police to assist in finding stolen vehicles.

Thank you,
Courtney Bonacci

Dear Ms. Tam,

Thank you for attending the Bayport Neighborhood Watch meeting last night. As a long time Alameda resident, I am writing to voice my support for Alameda's acquisition of the mobile license plate reader. I hope they soon will be a tool available to our police department to enhance our community's collective safety.

Sincerely
Gary Gauntt
