Alameda, CA 94501

Re: AB 1335, Atkins; Affordable Housing;
City Council Agenda Item 5-E

Dear Mayor Spencer:

The Alameda Association of REALTORS® respectfully requests your support for AB 1335, Atkins, item 5E on the May 19th City Council meeting.

Our California Association leadership and staff have worked collaboratively with Assembly member Atkins to make sure that AB 1335 does not burden home purchase transactions, that a significant portion of the funds generated are dedicated to affordable workforce ownership housing and that the decisions to spend the funds generated are under control of a governing board with representation from the Administration, the general public and housing industry groups.

Thank you for your consideration.

Sincerely,

Tony Berg
President
