MEMORANDUM OF UNDERSTANDING
between
CITY OF ALAMEDA
and
INTERNATIONAL ASSOCIATION OF FIREFIGHTERS, LOCAL 689

This Memorandum of Understanding is entered into between the City of Alameda and International Association of Firefighters, Local 689, pursuant to the provisions of Section 3500 et seq. of the Government Code of the State of California.

The parties have met and conferred in good faith regarding wages, hours and other terms and conditions of employment for the employees in said representation unit, and have freely exchanged information, opinions and proposals and have reached agreement on all matters set forth in this Agreement relating to the employment conditions and employer-employee relations of such employees.

This Memorandum of Understanding shall be presented to the City Council of the City of Alameda as the joint recommendation of the undersigned parties for salary and employee benefit adjustments for the period commencing November 1, 2015 and ending December 18, 2021.

Section 1. Recognition and Cooperation

1.1 Union Recognition

International Association of Firefighters, Local 689, hereinafter referred to as the "Union," has been recognized as the majority representative, pursuant to the Employer-Employee Resolution No. 7476, to include the following employee classifications; Firefighter, Fire Apparatus Operator, and Fire Captain.

1.2 City Recognition

The Municipal Employee Relations Officer of the City of Alameda or any person or organization duly authorized by the Municipal Employee Relations Officer, is the representative of the City of Alameda, hereinafter referred to as the "City" in employer-employee relations, as provided in Resolution No. 7476 adopted by the City Council on May 21, 1969.

1.3 Cooperation

The parties have agreed to continue with the implementation of ALS service in the Fire Department as outlined in the Letter of Understanding between the Union and the City dated October 20, 1999. The parties have discussed and agreed as to the basic tenets of the working relationship between the parties during the term of this Memorandum of Understanding. The parties agree that the basic tenets are cooperation, teamwork and consilience. The Union undertakes to immediately, upon the adoption of this Memorandum of Understanding by the City Council, to assist the Fire Department in every way possible with the implementation of the programs, plans and tasks that the Department has undertaken and will undertake. Upon the adoption of this MOU, the Union agrees to assist the Fire Department in the implementation of existing and new (or proposed) programs within the parameters (or limits) provided in Section 10.1 of the MOU and Section 7 of the MOU.

Section 2. Union Security

International Association of Firefighters, Local 689, shall be the only employee organization for which the City makes payroll deductions for membership dues for the members of the bargaining unit represented by International Association of Firefighters, Local 689.

The following procedures shall be observed in the withholding of employee earnings:

- (1) Payroll deductions from the earnings of an employee for payment to International Association of Firefighters, Local 689, shall be made only upon receipt by the City Finance Director of a written authorization from such employee for such deductions on a payroll deduction form provided by the City. No payroll deductions shall be made by the City for fines imposed by International Association of Firefighters, Local 689, upon a member thereof.
- (2) A payroll deductions authorization executed by a member of the bargaining unit shall remain in effect so long as that person remains a member of the bargaining unit or provides a written notice to the City Manager upon a form provided by the City that such authorization has been revoked. Any such revocation shall become effective thirty (30) days after it is submitted to the City Finance Director.
- (3) The Union's Treasurer shall certify in writing to the City Finance Director the amounts which the City is to deduct from the earnings of those members of the bargaining unit who have authorized such deductions, and any changes in such amounts, provided, however, that notice of such changes must be submitted to the City Finance Director thirty (30) days before they are to be implemented. Payroll deductions shall be apportioned such that an equal deduction is made in each pay period. Such deductions shall be remitted to the Union's Treasurer within fifteen (15) days after they are made.
- (4) The employee's earnings must be sufficient, after all other required deductions are made, to cover the amount of the deductions herein authorized. When an employee is in a non-pay status for an entire pay period, no withholdings will be made to cover that pay period from future earnings nor will the employee deposit the amount with the City which would have been withheld if the employee had been in a pay status during that period. In the case of an employee who is in a non-pay status during a part of the pay period, and the salary is not sufficient to cover the full withholding, no deduction shall be made. In this connection, all other required deductions have priority over payroll deductions for payment to the Union, and the Union shall be notified within fifteen (15) days when the Union's deductions are withheld.
- (5) In the event a salary increase for the members of the bargaining unit is made retroactively, the City shall deduct from all paychecks conveying such retroactive salary increase and remit to the Union's Treasurer those amounts certified by the Union's Treasurer as amounts due to the Union from such paychecks for dues, assessments, and other payments owed to the Union.

(6) The Union shall file with the City Manager an indemnity statement wherein the Union shall indemnify, defend and hold the City harmless against any claim made and against any suit initiated against the City on account of check off of Union dues, assessments and other payments to the Union. In addition, the Union shall refund to the City any amounts paid to it in error upon presentation of supporting evidence.

Notwithstanding any other provision of this Agreement, the Union retains all of the rights granted to it by the Meyers-Milias-Brown Act and the Alameda City Charter.

Section 3. Union Representatives

Union representatives who are official representatives of the Union shall be given reasonable time off with pay to attend meetings with management representatives, or to be present at hearings where matters within the scope of representation or grievances are being considered. The use of official time for this purpose shall be reasonable and shall not interfere with the performance of City services. Such employee representatives shall submit through the Fire Department chain of command a written request for excused absence to the Fire Chief at least forty-eight (48) hours prior to the scheduled meeting whenever possible. Except by mutual agreement, the number of employees excused for such purposes shall not exceed three (3).

Union representatives may use their accrued vacation leave, compensatory time, and shift trades for the purpose of attending Union conventions, Union conferences and Union seminars. Such vacation leave shall not be counted against the total number of employees who may be on vacation leave at any one time, provided, however, that no more than one (1) employee per shift may be eligible for such vacation leave. Such compensatory time shall not be counted against the total hours allowed per shift/day. Such shift trades shall not be counted as a part of the total number of trades an employee may make per month.

Section 4. Access to Work Locations

Reasonable access to employee work locations shall be granted officers of the Union and officially designated representatives of the Union for the purpose of processing grievances or contacting members of the Union concerning business within the scope of representation which are to be discussed with City representatives. Access may be restricted so as not to interfere with the normal operations of the department or with established safety or security requirements.

Solicitation of membership and activities concerned with the internal management of the Union, such as collecting dues, campaigning for office, conducting elections and distributing literature, shall not interfere with the normal operations of the department or with established safety or security requirements.

Section 5. Use of City Facilities

Union meetings are held at the offices of IAFF Local 689. Employees who are on duty and have business to present at a union meeting will be allowed to attend the meeting. Arrangements for this purpose will be the same as for Department business (i.e., Officers Conference, classes, etc.), provided, that the Union and the Division Chief both determine

the resulting coverage meets acceptable emergency response safety standards.

The Union may, with the prior written approval of the City Manager or Fire Chief or his/her designated representative, be granted the use of City facilities for meeting of the Union provided space is available. All such requests shall be in writing and shall state the purposes of the meeting.

Employees assigned to the fire station where a Union meeting is being held will be allowed to attend the meeting provided they shall remain available to perform their duties if necessary and shall immediately respond to any emergency call. Employees who have business to present at the meeting but are assigned to other stations will be allowed to attend the meeting. Arrangements for this purpose will be the same as for Department business (i.e., Officers Conference, classes, etc.), provided, that the Union and the Division Chief both determine the resulting coverage meets acceptable emergency response safety standards.

The use of City equipment other than items normally used in the conduct of business meetings, such as desks, chairs, and blackboards is strictly prohibited, the presence of such equipment in City facilities notwithstanding.

Section 6. Communications

The Union may use an area not larger than 36 inches by 48 inches for a Union bulletin board in each fire station at a location designated by the Fire Chief and may have exclusive Union use of such bulletin board under the following conditions:

No soliciting will be permitted in any station quarters or Fire Department building and no banners, cards or advertising of any description shall be permitted to be attached to the outside, or displayed inside, any station quarters or Fire. Department building, without permission of the Division Chief, except for those matters placed on a Union bulletin board relating to Union functions.

At the time of posting the Union will provide the Fire Chief with a copy of all material posted. At the time of issuance, the Fire Chief will provide the President of the Union with a copy of all Fire Department Bulletins, Special Orders and General Orders.

Any changes to GOBs related to wages, hours and working conditions shall be subject to mandatory meet and confer discussions between the Fire Chief and Union President.

Section 7. Advance Notice

Except in cases of emergency, reasonable advance written notice shall be given the Union of any ordinance, rule, resolution or regulation directly relating to matters within the scope of representation proposed to be adopted by the City Council, any board or commission, or any department and the Union shall be given the opportunity to meet with City representatives prior to adoption. In cases of emergency when the City Council determines that an ordinance, rule, resolution or regulation must be adopted immediately without prior notice or meeting with the Union, the City shall provide such notice and opportunity to meet at the earliest practical time following the adoption of such ordinance, rule, resolution or regulation. A copy of any such ordinance, rule, resolution or regulation shall be provided to the Union, together with the notice required by this Section 7,

whenever possible.

Section 8. City Rights

The rights of the City include, but are not limited to, the exclusive right to determine the mission of its constituent departments, commissions and boards; set standards of service; determine the procedures and standards of selection for employment and promotion; direct its employees; take disciplinary action; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of governmental operations; determine the methods, means and personnel by which government operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and to exercise complete control and discretion over its organization and the technology of performing its work.

Section 9. No Discrimination

There shall be no discrimination based on race, creed, color, national origin, sex, ancestry, marital status, pregnancy or sexual orientation against any employee or applicant for employment by the Union or by the City; and to the extent prohibited by applicable state and federal law, there shall be no discrimination because of age. There shall be no discrimination against any disabled person solely because of such disability unless that disability prevents the person from meeting the minimum standards established. The City and the Union will not interfere with the rights of employees to join or refrain from joining the Union nor will they discriminate against any employee for legitimate Union activities.

It is the policy of the City of Alameda that harassment and discrimination are unacceptable employee conduct. Neither the City nor the Union condones or tolerates this behavior.

In the event an employee feels harassed or discriminated against, they have recourse through the existing sexual harassment policy, Resolution #9511, Adopted by the City.

Section 10. Hours of Work

10.1 Work Schedule

The regular workweek for employees assigned to full-time positions in other than Fire Suppression shall consist of an average of forty (40) hours and such hours to be worked between 7:00 A.M. and 6:00 P.M., Monday through Friday.

The regular workweek for employees assigned to Fire Suppression shall be an average of fifty-six (56) hours. The work schedule shall consist of two (2) twenty-four (24) hour on-duty periods, commencing at 8:00 A.M., within a six (6) day cycle to be worked in accordance with the following chart:

X = 24 hour on-duty period
O = 24 hour off-duty period
XXOOOO

To best suit the 48 / 96 work schedule the City has established a 24-day FLSA 7(k) work period.

Employees shall report at 8:00 A.M. in appropriate uniform, clean shaven, and ready to

work at the station to which they were last assigned, unless previously otherwise directed by the Fire Chief or designated representative.

Employees assigned to Fire Suppression shall conduct normal duties of the Fire Department during the hours of 8:00 A.M. to 10:00 P.M.

When making assignments after 5:00 P.M., the Division Chief shall consider the physical condition of the employees based on the scheduled and emergency response workload which has occurred previously during the shift. Regular or scheduled activities shall be limited to eight (8) hours in any one shift.

Work to be performed after 10:00 P.M. shall be responses to emergencies and the work necessary to restore equipment to service after such equipment was used in emergency response, and repositioning of emergency equipment when circumstances exist which adversely affect the Department's usual ability to respond to an emergency or when unusual fire hazards exist which require monitoring by the Department.

10.3 Shift Trades

Employees may trade shifts or portions thereof with qualified employees in increments of twenty-four (24) hours, fourteen (14) hours, or ten (10) hours, under the following conditions. An employee making such a trade shall enter that fact on Telestaff and on the station calendar at the fire station to which he or she is assigned at the time he or she makes the agreement for the trade, and shall inform his or her company officer of the trade at that time. Such trade must be approved by the Division Chief.

Employees may make trades with qualified employees of less than ten (10) hours under the following conditions. Requests for such trades shall be entered on Telestaff and approved by the Division Chief. Such trades shall be entered in the Station journals and will not count as part of the three (3) trades per month stated below.

A request for a trade may be denied if the trade would interfere with operations of the Fire Department deemed important by the Fire Chief.

No employee may have more than three (3) trades per month except with written permission from the Division Chief. All trades between employees shall be repaid within twelve (12) months of the date of the trade unless the employee responsible for repaying the trade is assigned to a non-suppression assignment or suffers an illness or injury, in which case the twelve (12) month repayment period shall be extended by the period of such assignment, illness or injury.

No trade shall involve the payment of monetary compensation from one employee to another. If an employee has arranged a shift trade with another employee and that employee fails to report for work on the day he or she was to work for the first employee, the second employee shall be required to make up that time in accordance with Fire Department rules and regulations and the second employee will not be compensated for the day he or she failed to report for work. If an employee has arranged for a shift trade with another employee and that employee fails to report for work due to an industrial injury on the day he or she was to work for the first employee, the first employee shall be required to make up that time in accordance with Fire Department rules and regulations. All such time shall be made up in full shifts or, if the trade was for less than a full shift, in the same

period of time as the trade.

Employees accepting to work a trade are expected to be on duty the entire length of time agreed to. Employees unable to work the full amount of the trade time should not agree to work the trade.

Employees on trade status assume the assignment of the employee he/she is replacing. Assignments will be made based on the seniority and qualifications of the employee assigned to the shift who requested the trade. (Status on eligibility list does not pass from the employee off on trade to the employee working the trade).

For approved trades between ranks an employee trading up in rank will assume the assignment of the employee being replaced, provided another employee with the appropriate rank is not available for such assignment. An employee trading down in rank will assume the assignment of the employee being replaced, provided there is no available assignment at his/her attained rank.

A Firefighter may trade with any other Firefighter, or with an Apparatus Operator subject to limitations stated within Apparatus Operator definitions, or with Captains subject to the limitations stated within Captains definitions.

An Apparatus Operator may trade with any other Apparatus Operator, or with a Firefighter who has: three (3) years experience as an Alameda Fire Department Firefighter, and possession of a the appropriate driver's license, and previously placed on an Alameda Fire Department Apparatus Operator promotion list or has been certified to drive by the Training Officer. An Apparatus Operator may trade with a Captain who has: possession of the appropriate drivers license, and previously placed on an Alameda Fire Department Apparatus Operator promotion list or has been certified to drive by the Training Officer, and be subject to limitations stated within Captain definitions. A Captain may trade with any other Captain, or with any Firefighter or Apparatus Operator who is qualified and certified to act as Captain.

Section 11. Overtime, Call Back, Acting Pay, Compensatory Time

11.1 Overtime Authorization

11.2 Definition of Overtime

Fifty-six (56) Hour Workweek Employees

Overtime for employees assigned to a fifty-six (56) hour workweek is authorized time worked beyond the regular scheduled workweek in Section 10. Overtime shall be compensated at one and one-half (1-1/2) times the employee's regular rate of pay in pay or compensatory time off, at the employee's option.

Overtime shall not be paid when an employee's fifty-six (56) hour workweek is extended due to a shift trade.

Forty (40) Hour Workweek Employees

Time worked by employees in other than Fire Suppression in excess of eight (8) hours in one (1) day or forty (40) hours in one (1) week shall not be deemed as overtime, provided that such employees average not more than forty (40) hours per week and that such scheduled hours are worked between 7:00 A.M. and 6:00 P.M., Monday through Friday. All other time worked by such employees in excess of an average of forty (40) hours a week shall be compensated in pay or compensatory time off, at the employee's option, at the rate of time and one-half (1-1/2).

Exemptions from Overtime

Any employee assigned to Fire Suppression duties may leave his or her shift prior to its completion when he or she has arranged for early relief from an employee scheduled to come on duty at the start of the next shift and has received approval for such early relief from the immediate supervisor. Such early relief will be exempt from overtime.

11.3 Call Back and Minimum Overtime Requirements

Call Back and Minimum Overtime Requirements shall be in accordance with established overtime procedures as outlined in the Overtime Procedures GOB.

11.4 Overtime Call-in Procedures

Requests for overtime shall be in accordance with established overtime procedures as outlined in the Overtime Procedures GOB.

11.5 Acting Procedures and Pay

11.6 Acting Pay for Vacation Leave Taken

Any employee who is assigned to act in a higher classification for more than fifty percent (50%) of his or her shifts in a fiscal year shall be paid for vacation leave taken in that fiscal year at one-half (1/2) the salary attached to such higher classification and one-half (1/2) of the employee's regular rate of pay. Any employee who is assigned to act in a higher classification for eighty percent (80%) or more of his or her shifts in a fiscal year shall receive the salary attached to such higher classification for vacation and sick leave taken in that fiscal year and for his or her holiday pay.

In the event an employee acts in more than one (1) higher classification and the combined service in those higher classifications is more than fifty percent (50%) of his or her shifts in a fiscal year, the employee shall be paid for one-half (1/2) of the vacation leave taken in that fiscal year at a salary prorated from the salaries of such higher classifications in proportion to the employee's acting time in each such classification. In the event an employee's combined service in more than one (1) higher classification is eighty percent (80%) or more of his or her shifts in a fiscal year, the salary for all vacation, sick leave and holiday pay shall be computed in the same manner.

11.7 Compensatory Time

Employees shall be entitled to accrue compensatory time off up to a maximum of one

hundred forty-four (144) hours, but may take no more than seventy-two (72) hours of compensatory time off in any one (1) month.

Section 12. Salaries

12.1 Rates of Pay

The biweekly rates of pay for the classifications covered by this Memorandum of Understanding for the duration of this Memorandum of Understanding are set forth in Appendix A.

There shall be no wage increases in 2013.

Future wage increases in these Memoranda, unless specifically stated otherwise, shall be based on the previous year's Balanced Revenue Index ("BRI").

BRI is defined as 50% of the one year rate of growth, between the two previous successive fiscal years, of the combined dollar amount of the following five local Alameda taxes:

General Fund Property Tax,
1% Bradley Burns Sales Tax,
Utility Users Tax,
Transient Occupancy Tax, and
Property Transfer Tax.

2014: Wage increases to begin the first full pay period after January 1, 2014 will be based upon the BRI from fiscal year (FY 2012-2013) over fiscal year (FY 2011-2012).

The wage increase for 2014 based upon this formula will be a minimum of 1.5% and a maximum of 4.0%.

2015: Wage increases to begin the first full pay period after January 1, 2015 will be based upon the BRI from fiscal year (FY 2013-2014) over fiscal year (FY 2012-2013). The wage increase for 2015 based upon this formula will be a minimum of 2.0% and a maximum of 5.0%.

2016: Wage increases to begin the first full pay period after January 1, 2016 will be based upon the BRI from fiscal year (FY 2014-2015) over fiscal year (FY 2013-2014). The wage increase for 2016 based upon this formula will be a minimum of 2.0% and a maximum of 5.0%.

2017: Wage increases to begin the first full pay period after January 1, 2017 will be based upon the BRI from fiscal year (FY 2015-2016) over fiscal year (FY 2014-2015). The wage increase for 2017 based upon this formula will be a minimum of 2.0% and a maximum of 5.0%.

2018: Wage increases to begin the first full pay period after January 1, 2018 will be based upon the BRI for fiscal year (FY 2016-2017) over fiscal year (FY 2015-2016). The wage

increase for 2018 based upon this formula will be a minimum of 2% and a maximum of 5.0%.

2019: Wage increase is zero for 2019.

2020: Wage increases to begin the first full pay period after January 1, 2020 will be based upon the BRI for fiscal year (FY 2018-2019) over fiscal year (FY 2017-2018). The wage increase for 2020 based upon this formula will be a minimum of 3.0% and a maximum of 5.0%.

2021: In June, 2020, the City will conduct a total compensation survey for the Fire Department. The agencies to be included are Alameda County, Berkeley, Hayward, Fremont, Livermore-Pleasanton. Total compensation includes Base pay, Educational Incentive, Uniform Allowance, Holiday-in-Lieu pay, Paramedic Assistant Pay, Paramedic Pay, Retention/Longevity Pay. Other compensation should also include negative adjustments, which include PERS Employee Cost Share of Employer Contribution, Salary Reductions, and other employee reimbursement to his/her employer. The salary survey will not include any pay steps that include "recruits" who have not completed academy training. Salaries will be adjusted to the average of these five agencies, beginning the first full pay period after January 1, 2021. The salary adjustment shall not be less than a minimum of 2.0% nor a greater than a maximum of 5.0%. *If the total compensation falls above the average of the five surveyed cities, the wage increase for 2021 shall be 2.0%.*

In addition to the regular salary employees assigned on regular assignment to any 40 hour assignment identified in the organizational chart will receive a salary differential of seventeen and one half percent (17.5%) while so assigned. Employees in the classification of Firefighter will receive a salary differential of seventeen and one half percent (17.5%) while so assigned. A Fire Captain assigned to Disaster Preparedness, EMS or the Training Division will receive a salary differential of seventeen and one half percent (17.5%) while so assigned.

Guidelines for 40 hour office assignments are contained in the Guidelines for Making Assignments to 40 Hour Office Positions GOB.

The Fire Department retains the authority to remove employees who are not performing at acceptable levels in the above assignments.

12.2 Starting Rate

For the classification of Firefighter, the entrance salary for a new employee entering City service shall be paid at a newly created "Academy" step while undergoing Academy Training. The step shall be 40% of step 1, which is the starting salary for Firefighter (base pay only, no "incentives"). Upon successful completion of the Academy and assignment to shift, the pay shall be increased to Step 1 of the Firefighter salary schedule. After providing one year of service to the City, the pay shall be increased to Step 2 of the Firefighter salary schedule.

For all other classifications within the bargaining unit, employees shall receive the minimum salary for such classifications upon initial appointment thereto, unless the salary attached to such initial step is not five percent (5%) or more above the salary of an employee prior to such appointment, in which event the employee will receive the salary attached to the lowest step which provides a salary increase of at least five percent (5%).

Acting pay under Section 11.5 of the Memorandum of Understanding shall be at the step which an employee would receive upon initial appointment to the higher classification to which the employee has been temporarily assigned.

12.3 Step Increases

This donated time will be placed in a CLB and drawn down from the CLB by the eligible employee.

Eligibility

To be eligible for this benefit, the receiving employee must: 1) Be a regular full-time employee, 2) Have sustained or have an immediate family member who has sustained a life threatening or debilitating illness, injury or condition which may require confirmation by a physician, 3) Have exhausted all accumulated paid leave including vacation, holiday, sick leave, and/or compensatory time off, 4) Be unable to return to work for at least 30 days or in the case of the condition affecting the immediate family member, that member must be in need of prolonged and significant personal care; and 5) Conformed with the requirements of the Family Medical Leave Act and/or Worker's Compensation.

Benefits

Accrued vacation and compensatory time off hours donated by other employees will be converted to sick leave and credited to the receiving employee's sick leave time balance on an hour-for-hour basis and shall be paid at the rate of pay of the receiving employee. For as long as the receiving employee remains in a paid status, seniority, and all other benefits will continue, with the exception of sick leave and vacation accrual. The total leave credits received by an employee will not normally exceed three months. However, if approved by the Department Head and the Human Resources Director the total leave credits may be extended on a case by case basis, subject to review by the City Manager or designee.

Guidelines For Donating Leave Credits To The Time Bank

- a. Accrued vacation leave and compensatory time off may be donated by any regular full-time employee who has completed his/her initial City probationary period. Compensatory time donations will first be from the donating employee's FLSA Comp Time bank, and then from his/her Non FLSA Comp Time bank.
- b. Time donated will be converted from vacation or compensatory time to sick leave hours and credited to the receiving employee's sick leave balance on an hour-for-hour basis and shall be paid at the rate of pay of the receiving employee.
- c. The total amount of time donated to one employee by another employee shall not exceed forty (40) hours. The total leave credits received by the employee shall not exceed three months; however, the Human Resources Director may approve an extension to six months total time.
- d. Initial leave time donations must be a minimum of one work shift. An employee cannot donate leave hours that would reduce his/her vacation balance to less than one week.

- e. The use of donated leave hours will be in consecutive one-shift increments.
- f. While an employee is on leave using donated leave hours, no vacation or sick leave hours will accrue.
- g. Under all circumstances, time donations received for the employee are forfeited once made by the employee making the donation. In the event that the receiving employee does not use all transferred leave for the catastrophic illness/injury, any balance will remain with that employee until that employee's separation from City service.
- h. Taxability of leave donated or received under this program will be governed by Internal Revenue Service guidelines.
- i. For the purpose of the Section, "immediate family member" as referenced under Eligibility shall be defined as provided for in Section 19.6.
- j. Under extenuating and extraordinary circumstances and upon recommendation of the Human Resources Director the City Manager may grant exceptions on a case-by-case basis. Such exceptions shall not establish practice or precedence.

It is further understood that Catastrophic Leave will not apply to employees receiving Workers Compensation benefits or SDI benefits. These issues are under legal review and may require further explanation and amendment.

B. City and Members desire to transfer membership in the 1082 Plan to the State of California's Public Employees' Pension System (hereinafter "PERS").

NOW, THEREFORE, it is mutually agreed by and between and undersigned parties as follows:

- 1) As soon as practicable all current retirees and all current active and future employees covered by the 1082 Plan will be transferred to the PERS Safety, 2% at 50 full formula as provided in Section 21252.01 of the Government Code of the State of California, including the following optional benefits:
 - a) Section 20024.2 (One Year Highest Compensation)
 - b) Section 20835.1 (Limit Prior Service to Members Employed on Contract Date)
 - c) Section 21361.5 (Local System Service Credit)
 - d) Section 20862.8 (Credit for Unused Sick Leave) and (non-restricted accrual of sick leave)
 - e) Section 21263 and 21263.1 (Post-Retirement Survivor Allowance)
 - f) Section 21266 (Post-Retirement Survivor Allowance to Continue After Remarriage)
 - g) Section 21382.4 (Third level of 1959 Survivor Benefits). Employer will pay employer contribution.
- 2) Upon the City transferring the 1082 Plan to PERS, the IRS will

be requested to review the tax consequences of the following language: "Any election to convert the City paid employee contribution will be revoked in the event the employee returns to duty status."

- 3) Upon the City transferring the 1082 Plan to PERS, the following language will apply to all safety employees of the City:

Employees who are members of the Public Employees' Retirement System (PERS) may participate in a PERS "Pick-Up Program". Said Program operates under the provisions contained in Section 414(h)(2) of the Internal Revenue Code concerning the tax treatment of employee retirement contributions to PERS paid by the City of Alameda on behalf of said employees.

The City shall contribute to PERS each pay period a portion of the employee contribution rate as established by law equal to nine percent (9%) of the employee's "compensation" as that term is administered by the Board of Administration of PERS.

Contributions made pursuant to this section shall be reported to PERS as "employee contributions being made by the contracting agency." The City will not treat these contributions as compensation subject to income tax withholding unless the Internal Revenue Service or Franchise Tax Board determines that such contributions are taxable income subject to withholding.

Each employee is solely and personally responsible for any federal, state or local tax liability of the employee that may arise out of the implementation of this section or any penalty that may be imposed therefor.

Except as set forth in the following paragraphs the aforesaid contribution shall be considered solely for the purpose set forth herein and shall not be considered for any other purpose including, but not limited to, being considered as part of any employee's salary for the purpose of computing straight-time earnings, compensation for paid leaves, compensation for overtime worked, compensation benefits and the City's contribution to PERS.

Any employee who has attained the age of forty-five (45) may elect to convert the said City-paid employee contribution to PERS to a salary increase of the same amount. Such election shall be irrevocable, must be made in writing and received by the Personnel Director, and shall become effective on the first of the month

"Sec 3 deleted circa July 1994"

following the date of election. In the event of such election the employee will thereafter be required to make the total amount of his or her contribution rate established by law.

In the event an illness or injury occurs which may cause an employee's retirement, that employee may immediately convert the nine percent (9%) City-paid employee contribution to the retirement fund to a nine percent (9%) salary increase, in which event the employee will be required to pay the total amount, nine percent (9%), of the employee contribution which had been paid by the City to the retirement fund.

The City shall afford the employee, at the employee's option, the ability to pay the nine percent (9%) City-paid employee contribution to the retirement fund retroactive twelve (12) months prior to an illness or injury which may cause an employee's retirement.

Any election to convert the City paid employee contribution will be revoked in the event the employee returns to duty status.

- 4) Upon the City transferring the 1082 Plan to PERS, the following language will apply to all 1082 safety employees and retirees who retired under 1082 who elect to transfer to PERS and current safety employees:

- a. Medical Insurance

For 1082 retirees and future Public Safety retirees who are currently members of one of the City sponsored health plans, the City shall contribute the health plan costs, at the one party or two-party rate as the case may be, for that plan until the retired employee is eligible for Medicare coverage. If and when the retiree becomes eligible for Medicare coverage, Part A and Part B, then the City shall provide the retiree a Medicare supplementary program as provided for in Government Code Sections 22819 and 22859. In place of the above described rates, the City will pay the full cost of such Medicare Supplement Program. Any of the above mentioned retirees who currently are not enrolled in a City sponsored health plan may elect to receive a monthly contribution by the City, equal to the average of the one-party or two-party rates, whichever is appropriate, paid by the City, to a qualified health care plan (on record with the City) for the purpose of purchasing health care. Retired employee dependent eligibility for City health plan contribution is conditional upon the active enrollment of the retired employee.

For an employee of the City, who was married at the time of retirement and who dies during retirement, the surviving unmarried spouse of the retiree will have his or her medical insurance paid by the City at the single party rate.

If a retired employee remarries, the retiree may add the retiree's spouse to the medical insurance coverage at the retiree's expense.

b. Dental

1082 retirees and future Public Safety retirees may elect to receive a monthly contribution by the City, equal to the one party or two party rate, as the case may be, paid by the City, to a qualified dental care plan (on record with the City) for the purpose of purchasing dental care. For an employee of the City, who was married at the time of retirement and who dies during retirement, the surviving unmarried spouse of the retiree will have his or her dental insurance costs paid by the City at the single party rate. Should the City provide a dental benefit plan covering retired employees at a later date, the City shall provide the retiree and the surviving spouse the option of joining said plan at City cost at the appropriate rate. If a retired employee remarries, the retiree may add the retiree's spouse to the dental insurance coverage at the retiree's expense.

- 5) Any monies left in the 1082 Fund after the necessary funds have been transferred to PERS will be administered by the 1082 Pension Board to fund Health & Welfare (e.g. medical and dental) benefits for eligible retirees and dependents formerly members of the 1082 Pension System. Any other use of these monies would be a subject of negotiation with the Alameda Police Association and IAFF Local 689 representatives and would require their concurrence.
- 6) An individual Member who is retired from the City of Alameda under 1082 may make an irrevocable election to remain in the 1082 Plan. The existing benefits of the individual Member of the 1082 Plan at the time of election shall remain in full force and effect, without additions or deletions. Such election shall be made in writing to the City's Personnel Director and be made within 15 days from the date of the receipt of the Notice of Election.
- 7) This Agreement shall be effective upon ratification of all PERS transfer/contract amendment requirements. Non-restricted accrual of sick leave for purposes of Optional Benefit Section 20862.8 shall be effective as of January 1, 1990.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first above written.

BILINGUAL PAY POLICY

The hiring and retention of bilingual employees by the City of Alameda is desirable to more effectively meet the needs of the community and to enable the City to provide efficient service to the community. A program which compensates employees for bilingual skills, used in selected positions, will enhance recruitment of minority employees, particularly Hispanics and Asians, and reinforce the City's interest in providing service to the minority community.

It is, therefore, the policy of the City to pay an incentive on a continuing basis to employees with bilingual skills when used in positions having high levels of contact with the non-English speaking community. The City will also pay an incentive to employees using bilingual skills on a situational basis, as required to conduct City business.

An employee who is working in the Paramedic Program may only be allowed to leave the Program by the Fire Chief. Paramedics will be allowed to leave the Program after build out (Phase IV as described below) if, in the judgement of the Fire Chief, a sufficient number of Paramedics remain to ensure the continuity of the service. The minimum number of Paramedics required for the Program will be identified as follows:

Phase I	Eighteen (18) Firefighter/Paramedics
Phase II	Twenty-seven (27) Firefighter/Paramedics
Phase III	Thirty-three (33) Paramedics (minimum of twenty-one at Firefighter rank)
Phase IV	Thirty-nine (39) Paramedics (minimum of twenty-one at Firefighter rank)

Paramedics wishing to leave the Program shall submit an Inter-Department Memorandum to the EMS Director by August 1 of each year for the following calendar year. Employees will be allowed to leave the Program only after build out based on a sufficient number of paramedics remaining to insure the continuity of the service using a factor of Department seniority plus time in service in the Program. Employees leaving the Program will be reassigned appropriately and will no longer receive a Paramedic Differential and may be eligible to receive a Paramedic Assistant Differential.

The Fire Chief may remove an employee from the Program due to personal and/or professional needs which could negatively impact the employee or the Program. Employees so removed shall be reassigned appropriately and will no longer receive a Paramedic Differential but may be eligible to receive a Paramedic Assistant Differential.

Employees with current Paramedic certification who are not part of the Paramedic Program may be assigned to an ALS resource pool. The City shall pay all costs necessary for such employees to maintain certification. Paramedics assigned to the ALS resource pool shall not receive a Paramedic Differential but shall receive a Paramedic Assistant Differential. Paramedics assigned to the ALS resource pool may be given a paramedic assignment to ensure continuity of the service. In the event an employee from the ALS resource pool is given a paramedic assignment they shall receive the Paramedic Differential.

When an opening in the Paramedic Program becomes available the EMS Director shall solicit employees assigned to the Paramedic resource pool to fill the position on a voluntary basis. When more than one employee volunteers to fill the assignment the employee with the highest total factor of Department seniority plus time served in the Paramedic Program shall be selected.

Letter of Understanding
 October 20, 1999
 Page 3

When there are no volunteers to fill an opening in the Paramedic Program the EMS Director shall assign the employee from the ALS resource pool with the lowest total factor of Department seniority plus time served in the Program to fill the assignment. Such an assignment will last a minimum of two (2) pay periods not to exceed fifty-two (52) pay periods total. When an employee has been assigned involuntarily for a total of fifty-two (52) pay periods to the Program he/she shall have met all commitment requirements to the Program and shall not be involuntarily assigned again.

Whenever the necessary complement of Paramedics as identified for any phase of the Program drops by ten percent (10%) or more the City shall make every attempt to fill Paramedic positions in a timely fashion if vacant positions exist and to the extent funding is appropriated. The City may implement any phase with the minimum number of Paramedics as outlined in the County ALS contract as long as attempts are being made to staff up to the minimum numbers of Paramedics outlined in this MOU. If the number of Paramedics remains 10% or more below the total identified for each phase for four months or more the City and Union shall meet upon request to discuss impacts.

An employee who has a valid Paramedic certificate and who has completed the County Preceptor Program guidelines shall be compensated an additional twenty-five dollars per shift when that employee is scheduled and is using this skill according to the direction of the EMS Director. The EMS Director will determine those persons qualified to receive the training."

6. Section 17.1, paragraph three, of the current MOU to read in full as follows; "Up to three (3) employees assigned to fire suppression duties may be scheduled for vacation leave on any one day. No more than two (2) Paramedics may be scheduled for vacation leave on any one day except that during Phase 1 no more that one Paramedic can be scheduled for vacation leave on any one day."

If the foregoing is in accordance with your understanding please so indicate by signing below.

LETTER OF UNDERSTANDING

on

Fire Investigation Program and Not Filling the Assistant Fire Marshal Assignment

MARCH 19, 2010

The purpose of this letter of understanding is to memorialize a settlement agreement between the City of Alameda and IAFF Local 689 regarding Fire Investigation Services in the City of Alameda and the decision not to fill the Assistant Fire Marshal assignment or proposed Fire Protection Engineer classification. This settlement shall resolve all existing disputes between the parties on these issues.

This agreement shall be effective upon approval of the parties, and shall also be incorporated into the next Memorandum of Understanding between the City of Alameda and IAFF Local 689 in a separate section titled "Fire Investigation Program." IAFF Local 689 agrees that it will not pursue a petition to compel arbitration on these issues and shall withdraw any related grievances.

The parties agree that neither the Assistant Fire Marshal assignment nor the Fire Protection Engineer classification shall be filled at this time.

IAFF Local 689 agrees that it shall withdraw all grievances it has filed regarding the Fire Protection Engineer classification as well as all grievances it has filed regarding the failure of the City to fill the Assistant Fire Marshall assignment. It further warrants that it will not pursue any litigation or administrative charge regarding these issues.

IAFF Local 689 further agrees that the City may subcontract the proposed duties of the Fire Protection Engineer, including but not limited to the following duties as they relate to new construction: conducting construction plan reviews to include the review and analysis of designs, plans, and specifications; ensuring compliance with fire and life safety ordinances, laws and codes; conducting site inspections, meeting with contractors and issuing final approvals.

In the event that the City of Alameda determines that the work duties set forth above shall not be subcontracted but shall be performed by City employees, the City agrees that it will provide written notice to the IAFF Local 689 and an opportunity to meet and confer regarding the restoration of such work at that time.

The parties agree that the City will contract fire investigation services for the purpose of training team members until such time as the City determines the team members are fully trained to an acceptable level.

The Alameda Fire Department shall establish a policy to train a team of Fire Investigators drawn from its ranks of Firefighter, Apparatus Operator, and Fire Captain and to have Fire Investigators so trained to conduct Fire Investigations and be available on a "stand-by" status 24 hours a day, 7 days a week in the manner described herein. A maximum of six (6) employees who are trained as Fire Investigators and are actively participating in the Fire Investigator Program shall receive an additional five percent (5%) salary differential while assigned to the Program and actively serving as a Fire Investigator. Fire Investigation team members shall be distributed equally among the three (3) suppression shifts. Any shift balancing shall be in accordance with GOB 2-40 Station Preference Assignments. It is the intent of the City that there will be six employees in the program at any given time.

In order to qualify as a Fire Investigator, an employee must have successfully completed Fire Investigation course 1A, and Fire Investigation course 1B. Fire Investigation courses 2A, 2B and the forty hour component of P.C. 832 must be completed within 18 months of being accepted into the program. It is also desirable that the employee have experience in investigating cause and origin of fires. The on duty Fire Investigators in Fire Suppression shall normally be used to investigate small or routine fires that occur while they are on duty. However, if fire cause and origin cannot be determined within a reasonable time as determined by the Duty Chief, the Duty Chief may recall a standby Fire Investigator. The parties intend that Fire Investigators who are on duty in Fire Suppression should not investigate large or complex fires on the same day in which they have responded to a fire as a crewmember on any Fire Engine, Fire Truck or Ambulance.

Team members shall select standby rotations in two week blocks equally until all standby time is filled. The selections shall be made in order of decreasing departmental seniority. A team member who is unable to fulfill his/her obligation for standby shall be required to find a replacement and to notify the Duty Chief. The Duty Chief shall notify both the Deputy Chief of Support Services and the Dispatch Supervisor. A Fire Investigator on standby who is called in shall receive premium pay at the rate of one and one-half times the base rate of pay. The list of standby investigators shall be maintained by the Deputy Chief of Support Services with a current list located at Dispatch and in the Duty Chief's office with one investigator assigned standby at all times.

The Department shall find a replacement standby investigator when it assigns a team member on standby to mandatory overtime. If a member becomes unavailable for standby duty due to personal illness or on the job injury the Department shall replace the member on standby duty. It is the responsibility of the member to notify the Duty Chief at the earliest time possible when they become unavailable for standby duty because of illness or injury. Should the Department need to find a replacement standby investigator and none volunteer, that selection shall be made in order of reverse departmental seniority among those qualified to perform the work.

Fire Investigators on standby are expected to respond when requested by Dispatch or the Duty Chief. When on standby, Fire Investigators shall carry a Fire Department cell phone for direct contact and must be fit for duty and available to respond within a reasonable period of time. Department issued cell phones are to be used for conducting fire investigation business only. When recalled for an investigation the investigators shall retrieve the fire investigation unit and respond to the scene.

Employees who become Fire Investigators shall make a five (5) year commitment to the City to actively serve in the program. Any member who decides not to continue with the program after five years may be required to participate for up to one additional year, including being on standby and subjected to being recalled for investigations during that year. The Fire Chief may remove any member from the program at any time. Employees leaving the program will no longer receive a pay differential.

During the initial rollout of the Program (the initial assignment of the first group of employees to the Program) employees who have not completed the required Fire Investigation coursework may apply and be accepted as one of the six Fire Investigators assigned to the program upon the condition that he/she successfully complete Fire Investigation course 1A, and Fire Investigation course 1B within one year of his/her assignment to the program. It is desirable that the employee have experience in investigating cause and origin of fires. Fire Investigation courses 2A, 2B and the forty hour component of P.C. 832 must be completed within two years of being accepted into the program. During the initial rollout of the Program, the City shall pay for training and associated costs for any employee who is selected to become one of the initial six Fire Investigators.

The selection process will consist of submitting a letter of interest with qualifications and experience, along with a structured oral interview. The selection shall be at the sole discretion of the Fire Chief.

All Fire Investigation team members may be required to attend meetings and conferences to further develop the skills as Fire Investigators. At a minimum, team members may be required to attend one of the two annual California Conference of Arson Investigators training burns. Failure to meet training requirements shall result in the removal of the employee from the Program along with the corresponding pay differential. Any City paid training shall be excluded from consideration under the Educational Incentive Program.

Notwithstanding the above provisions, the City does not waive its right to subcontract fire investigative services in the future. If the City determines to subcontract fire investigative services it will provide IAFF 689 with not less than 30 days advance written notice and prior to the decision becoming final, meet and confer with IAFF 689 about both the decision to subcontract such work as well as the impact on the bargaining unit of such subcontracting.

Any dispute about the interpretation or application of this Letter of Understanding shall be subject to the grievance procedure contained in the parties' Memorandum of Understanding.
