Housing prices increasing out of control.

I am afraid of what Alameda would because if it gets overcrowded

I feel decisions are being made about our city not taking into account how overcrowded our West End will become -

I feel that many of our plentiful resources go unused because the public doesn't know they exist. Publicity, publicity,

I love Alameda, more parking, free parking downtown

I love Alameda.

I love living here

I think Alameda does a great job for family orientated events

I will let you know as we move forward

I'm new to Alameda- still learning the community

I'm not aware of most social services available here, so out and awareness of what is available could be improved

Im very happy with our new mayor

I'm very happy with our new mayor

Increase school/education fund

It is very disappointing to me that we do not have services for the homeless- especially men. Even the hospital

wouldn't give a guy I took there that had medical a TB test. We lost the placement spot because it took me too long

It would be nice to have social semos more accessible online

I've noticed an increase of homeless, some streets are getting dirty looking. Probably due to people not picking up

Just relocation to Alameda

Keep Alameda a great place to live

Keep up the promoting of healthy living by making the city kike and walk friendly

Comments or Concerns (Cont')
lets do what we do better!!
Life in Alameda is pretty good.
make better rental regulations for renters
Many of us across the Nation live in communities like Alameda to be out of reach to high crime areas such as Chicago, Brooklyn or Oakland/Richmond/Hunter's Point- We must work hard to repair the convict dumping into these areas rather than constructing moats and walls around cities
many people complain about traffic even though traffic is actually pretty light don't let these people drive decision
More activities low cost for kids. Like Basketball League or Football league.
More affordable housing
More awareness for teens- special needs
more emergency preparedness
More ggies to reach on call
more information as to what us going on or happening
more opportunities for kids to show their talents in events and gatherings. More support for public schools and art
More people will live in Alameda, more crowded and traffic. May need bridge or other way to access to nearby
more resources for single moms/help paying for pre-school, more free groceries, help with utility bills
More resources for sinsle moms/ help paying for pre-school, more free groceries; help with utility bills
More teen involvement to keep them off the streets and causing mis-chief.
My main concern is the problem of the anti-growth groups. Buildings sit empty and unused because of past

Over all I love to live in Alameda
Overall Alameda suffers from misguided policies, inadequate education finding, financial timidity in general cunwelling to pay for bold, large projects, even in infrastructure that's vitally needed, and sever NIMBY-ism.

Public pool; Low-cost/ No cost rec. program.
Rent control is needed
rent control, reduce rent so great families dont have to leave
Rents are skyrocketing and there is little recourse to keep them under control.
See above
Seen an increase in thefts in the beach, at our home
Slow growth!

Comments or Concerns (Cont')
Stop all of the new houses and get rent control
Stop speeding
The "improvement" to shore line ruined the area
The house prices/apartment rent fees are so high.
The obvious differences in siolewable land- seape; main tolence between west and east side.
There are many more homeless on park and Webster streets
Tiny housing for the homeless would be great!
too many renters need more home owners for stability
Too much development, building, traffic!
Too much traffic- not sure how to make it better
Traffic is becoming a concern along with very dense housing.
Traffic issues. how will we get on and off the island hen all housing is buy it? What about the impact to schools then added residents. Need to solve!
Traffic- Keep Alameda the place people love
Transportation-congress Traffic
very concerned about the lack of real jobs (not retail) for young adults- many w/o 4 yr. college degrees
-Very concerned w/ quality of life for many children- some of whom are taking care of their parents (many!)
Very good city
Wby do we have fall prevention @ mastick yet when I go for a walk the SiDE WALKS are so hazardous with
we need to balance growth with affordability. We also need to provide events that bring people from all
demographic groups income, cultural, etc, together
We saw more homeless in this town that we don't like it
we see more homeless in this town
communication be approved as well fact-based approaches should be aromored as well as community reconciliation.
Jon Slamger 846-2144
West End needs to keep its unique features not sold to developers. Create housing loops from current housing available, similar to Woodstock Housing Corp. Keep cost of home ownership low.
why do we have prevention at mastick yet when I go fora walk the sidewalks are so hazardous with cracks and
Work for a way of rental control. The increase of prices is killing us, or at least pushing us to move away from
Worry a lot that growth will harm quality of life as development continues city must find ways to address this even if development is necessary.
Would love to work in the City of Alameda, but feel limited in job opportunities.
Would really appreciate more public service announcements (e.g. water conservation, open space issues, development issues, mosquito control). Build public awareness with greater visual outreach- press releases,
You / We are all doing a great job. The library is fantastic!
