**Subject:** Keep the East End Estuary Parks Public Property

Dear City Clerk Weisiger,

I am writing to ask you to keep the East End Parks on the estuary publicly owned and allow public access to those parks. Public parks are one of the most valuable thing in Alameda. Public parks allow me and my family to spend quality time at a serene space and time for family bonding. Public parks are truly valued by me, my family, friends and neighbors.

Please do not give away or sell our public parks and public spaces. Please keep these parks as part of ARPD. I love Alameda and its many parks and open spaces. Please keep these public parks as city property and for public use and enjoyment.

I live on Bay Farm and I am asking you to not sell or give away our public parks on the East End Estuary.

Thank you.

Bay Farm resident and registered voter.

I wish to complain about the secret nature of the dealings with our Waterside Terrace parks. The public should be allowed to voice their concerns about this issue. It appears that three homeowners will be allowed to purchase public land while the rest of us are kept in the dark. Please hold open meetings to discuss this issue.
