Subject: Approve Public Art Fund for Jean Sweeney Park

Hi Mayor Spencer,

The City Council's approved design for the Jean Sweeney Open Space Park has designated 4 areas within the park for public art. The City staff has proposed allocating \$100,000 from the Public Art Fund budget toward public art for the Sweeney Park. Providing this funding would jump start the Park's public art program as envisioned in the Master Plan.

This funding does not define what the art should be and would be used by ARPD to consider separate requests for the public art. I urge the City Council to approve the \$100,000 Public Art Fund to be set aside for public art in the Jean Sweeney Park.

Thanks a lot for your attention.

Fei Ouyang

Subject: Jean Sweeney Park - please fund PUBLIC ART

Hello Councilmember Daysog,

Please support public art in the new Jean Sweeney Open Space park by allotting \$100,000 to the art.

My friends and I have been looking forward to the development of this fabulous new park on the island. The proposal is beautiful and peaceful and will contribute to the well-being of Alameda citizens.

Kind Regards,
-Christine Ganser
