

CREATING HOMES FOR ALL IN ALAMEDA

Thursday, May 19th 2:00 - 4:00 p.m.

Alameda Elks Lodge

2255 Santa Clara Avenue, Alameda, CA 94501

We talk of housing and jobs in terms of “competing” priorities; we need to address them as complementary. It’s important to recognize this complementary relationship of jobs, housing and education.

This event will present the current developments of new affordable homes critically needed in Alameda. The panel of experts represents the City, developers, and housing experts in presenting various ways development of homes is being achieved even in this difficult time of meager funding and high costs.

Speakers include:

Liz Varela, Bright Futures for Women & Children, Midway Shelter

Vanessa Cooper, Housing Authority, City of Alameda

Debbie Potter, Community Development, City of Alameda

More information and RSVP at homesforallalameda.eventbrite.com

Seating limited so reserve your seat now.

Event organized by the Alameda Home Team, an outreach program to build support for homes to meet the needs of all of our community, including seniors, families, individuals and people with disabilities.

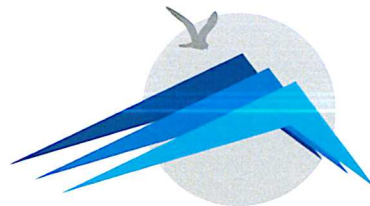

Part of the Annual Affordable Housing Week of events by
East Bay Housing Organizations (EBHO.org)
