Hello Ashley,

Please pass my comments along to the Transportation Commissioners.

Best,

Steve

Dear Transportation Commissioners,

I am writing in regards to item 5C on your March 28, 2018 agenda.

If Transbay Buses (Line O and Line W) will no longer serve the bus stop at Webster and Lincoln, then improvements need to be made at the bus stops at Webster and Santa Clara and Webster and Buena Vista. These stops are already packed in the morning. The stop at Webster and Santa Clara is extremely crowded and the space is hemmed in with benches and hanging plants from the nearby café. Also, the area is also packed with bicycles, often chained to the platform railings. The stop at Buena Vista has only a small bus shelter, often used by the homeless. Please consider adding a platform similar to the one at Lincoln in order to expedite passenger loading and passenger comfort.

Please plan for improvements to these stops to accommodate passengers if the stop at Lincoln is eliminated.

Regards,

Steve Gerstle
