

Ten ways to improve accessibility at your business

1. Change out door knobs and small locks for door handles and large thumb turns
2. Increase the font size of menus and signs
3. Add handrails to stairs and ramps
4. Add grab bars at toilets
5. Replace high thresholds with half inch max thresholds with a 1:2 bevel
6. Replace center support tables with exterior supports to allow wheelchairs to roll under
7. Increase the width of aisles and relocate product to reduce tripping hazards
8. Secure rugs and entry mats to reduce tripping hazards
9. Reduce background noises by installing sound dampeners to assist the hearing impaired
