

CITY OF ALAMEDA RESOLUTION NO. _____

AUTHORIZING THE CITY OF ALAMEDA TO RATIFY THE
TRANSPORTATION DEMAND MANAGEMENT (TDM) FEE AMOUNT
FOR EXISTING TENANTS IN ALAMEDA POINT

WHEREAS, by Resolution No. 14891 the City Council of the City of Alameda certified the Final Alameda Point Environmental Impact Report ("FEIR") (State Clearinghouse No. 201312043) under the California Environmental Quality Act ("CEQA"), California Public Resources Code Section 21000 *et seq.* and adopted written findings and a Mitigation Monitoring and Reporting Program ("MMRP") on February 4, 2014, for the Alameda Point Project; and

WHEREAS, the City Council approved the Transportation Demand Management Plan for Alameda Point on May 20, 2014 (Alameda Point TDM Plan), a crucial component of the City's approach to addressing the City's transportation issues associated with the reuse and redevelopment of Alameda Point and to mitigate the transportation impacts identified in the FEIR; and

WHEREAS, the intent of the Alameda Point TDM Plan is to provide strategies, measures and services that are combined into a comprehensive program to create the envisioned transit-oriented development at Alameda Point, to achieve the City of Alameda's General Plan goals to reduce automobile trips, and in particular, targets the reduction of solo driving trips, and to mitigate potential traffic impacts from existing and new development; and

WHEREAS, the adoption of the Alameda Point TDM Plan is required by the City's General Plan and the FEIR; and

WHEREAS, the Alameda Point TDM Plan requires all property owners, residents, and employers of Alameda Point to fund, comply with, and collaboratively manage, monitor and continuously improve upon the Alameda Point TDM Plan to successfully create a transit-oriented development, mitigate traffic impacts, and comply with the General Plan; and

WHEREAS, since approval of the Alameda Point TDM Plan, the City has taken active steps to implement the Alameda Point TDM Plan including applying and receiving a grant from the Metropolitan Transportation Commission (MTC) to retain expert TDM consultants to help the City implement the TDM Plan at Alameda Point with developers, property owners and existing businesses; and

WHEREAS, the City, in conjunction with these consultants, have accomplished numerous tasks to date, including the following: (1) facilitated the formation of the Alameda Transportation Management Association (Alameda TMA), a stand-alone nonprofit, that will oversee the ongoing implementation of the TDM Plan at Alameda Point and in the Northern Waterfront area with potential for expansion citywide; (2)

established a Community Facilities District (CFD 17-1) for services requiring a special tax on private property at Alameda Point to fund transportation services and programs (among other public services) consistent with the TDM Plan; (3) developed compliance worksheets for new members and ongoing monitoring and reporting forms, and conducted annual traffic counts in Alameda Point starting in 2015; (4) prepared a budget for overhead costs; (5) developed an Alameda TMA website, www.alamedatma.org (6) prepared a draft Memorandum of Understanding with AC Transit for bus service from Alameda Point to the 12th Street BART Station; (7) implemented the dockless bike share program with LimeBike; (8) conducted outreach and obtained input from existing business about the TDM Plan and the transportation needs of existing businesses and prepared a start-up program and financial plan, including a proposed fee for existing businesses, for the first three years of transportation services and programs at Alameda Point targeted at existing businesses at Alameda Point; and

WHEREAS, the Alameda TMA was established as an independent non-profit organization that oversees the ongoing implementation of the Alameda Point TDM Plan and the Northern Waterfront transportation mitigation area requirements with potential for expansion citywide; and

WHEREAS, in January 2018, the Alameda Point Project Area Committee, the Alameda TMA Board and the Transportation Commission approved a transportation program and corresponding TDM fees for existing Alameda Point businesses for the first three years, which is the culmination of significant outreach and input from tenants at multiple meetings in 2017; and

WHEREAS, based on current cost estimates developed by the City's TDM expert, the transportation programs are expected to cost approximately \$100,000 in 2018, \$177,000 in 2019 and \$261,000 in 2020; and

WHEREAS, funds from TDM fees paid by existing tenants in Alameda Point are expected to pay for the transportation programs that will be implemented by the Alameda TMA, and will be transferred from the City to the Alameda TMA and expended consistent with the Alameda Point TDM Plan per this resolution; and

WHEREAS, fees paid by existing tenants beyond the first three years will not have more than a five percent annual increase in the business fee charges until the existing tenant TDM fees equal the rate of the special taxes of the private properties that are generated for transportation purposes.

NOW, THEREFORE, BE IT RESOLVED, that the City Council:

1. Ratifies the TDM fee amount as shown in the Proposed Financial Plan for Transportation Programs from TDM Fees (Attachment A).
