

CITY OF ALAMEDA ORDINANCE NO. _____

New Series

AMENDING ALAMEDA MUNICIPAL CODE CHAPTER XXX (ZONING ORDINANCE) REGARDING THE RESIDENTIAL PRIVATE AND COMMON OPEN SPACE REQUIREMENTS TO ALLOW GREATER VARIETY OF RESIDENTIAL OPEN SPACE TYPES AND AMENITIES SUBJECT TO DESIGN REVIEW APPROVAL

BE IT ORDAINED by the Council of the City of Alameda:

Findings.

In enacting this Section, the City Council finds as follows:

1. The amendment maintains the integrity of the General Plan. The proposed amendment to the Zoning Ordinance related to useable open space design is consistent with the City of Alameda's General Plan. General Plan Policy 6.1.d states that the City should promote the development and retention of open space in private development to compensate for the shortage of public open space. The residential zoning districts require that useable open space be distributed into specific configurations of private and common open space. The private open space for ground floor units must be fenced off while upper units must provide balconies. These requirements can be restrictive for residential projects such as affordable housing that may need flexibility to provide outdoor open space as community areas for all of their tenants. Furthermore, the expense of constructing private balconies in order to meet Zoning Ordinance requirements could further restrict community amenities for the tenants. The proposed Zoning Text Amendment allows developers to provide open space designs that best meet the needs of their tenants while still meeting the total useable open space minimum requirements of the Zoning Ordinance. The proposal is consistent with General Plan Policy 6.1.d because it encourages private developers to create more community open space and amenities for their tenants to help compensate for the lack of public open space and parks. The amendment is also consistent with similar open space requirements currently implemented in the North Park Street District. The North Park Street District only requires a minimum amount of useable open space for projects, and does not specify minimum totals for common and private open space.
2. The amendment will support the general welfare of the community. The proposed amendment to the Zoning Ordinance to allow for more flexible open space distribution is consistent with the City of Alameda's goals, policies and programs. The amendment will help Alameda meet the objectives specified in General Plan Policy 6.1.d by allowing private developers to provide more community open space and amenities to compensate for the shortage in public open space and parks available in the City. The amendment also helps to alleviate usage of

public parks by providing more community areas within private residential development for tenants to enjoy. Therefore, the proposed Zoning Text Amendment will enhance the general welfare of the Alameda community.

3. The amendment is equitable. The proposed amendment is equitable in that it allows flexibility of open space design for all residential development subject to Design Review approval. The amendment matches the same open space requirements currently implemented in the North Park Street District.
4. The amendment is exempt from the California Environmental Quality Act. The proposed amendment is categorically exempt from CEQA pursuant to CEQA Guidelines Section 15305 Minor Alterations in Land Use Limitations.

Section 1. Section 30-5.12 Definition of Required Open Space shall be amended to include the following new subsection (additions to AMC are in single underline Arial font):

c. Exemption to Allow Redistribution of Private and Common Open Space. In exception to the common and private open space provisions of this section, residential development subject to open space standards of this section may be approved with more or less private or common open space provided the following findings can be made as part of Design Review: 1) the design meets the amount of total useable open space required, and 2) the combination of private open space and common open space provides a better open space plan for the residents of the site and/or a better architectural design for the building.

Section 2. If any section, subsection, sentence, clause or phrase of this ordinance if, for any reason, held to be invalid or unconstitutional, such decision shall not affect the validity or constitutionality of the remaining portions of this ordinance. The City Council of the City of Alameda hereby declares that it would have passed this ordinance, and each section, subsections, clause, or phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses and phrases are declared to be invalid and unconstitutional.

Section 3. This ordinance shall be in full force and effect from and after the expiration of thirty (30) days from the date of its final passage.

Presiding Officer of the City Council

Attest:

Lara Weisiger, City Clerk
