Dear Mayor Ezzy Ashcraft and City Council members I want you to know that I strongly support the Alameda Wellness Center that is planned for property on McKay Avenue. This property is in my immediate neighborhood. Along with many of my neighbors, I am a strong supporter of the work that Mr. Dough Biggs and the APC have done to move this project forward. It makes no sense to hold a special election on this matter. Plans should move forward.

Thank you.

Sincerely,

Paula Rainey
