|----------------------------|--|
| | <p>to allow the public to better understand City Hall executive staff, department head, and senior staff personnel, through bi-monthly interviews by the PIO of these persons that are then published in the local press (i.e. "Get to Know Your City Hall!") -- as well as have the PIO publish interview of public entities on various topics of interest to the public ("How the 'Disaster Council' will spring into action in the event of a disaster", "What City Hall will do when another 'air quality' emergency strikes")."</p> <p>"Before working on anything, we have achieved agreement on how this council is going to work together, organize itself and move things forward."</p> |
| Public Safety | "Additional fire and police to support our new population coming via development." |
| City Charter Review | "With new Councilmembers and executive management coming in we need to review the charter and everyone needs to better understand our roles in order for us to function. This means really understanding how the charter applies and what we can/cannot do." |
