Hello, could you please forward this to the council members?

I am in favor of a **PROTECTED** bike lane in front of Rittler Field on Otis Drive. I think it would give bikers a false sense of security to have a unprotected, painted bike lane next to the parked cars on a busy street.

I don't own a car and my family and I bike everywhere on the island. We are at Rittler field every Saturday and can say that people are always interested in biking around the island, but fear of the traffic is preventing them from making the choice to bike.

Thank you for your support,

-Angie

Hello,
I'm writing this email as an Alameda resident to express my support of the Otis Drive Traffic Calming & Safety Improvement Project being presented to the City Council in June 4. Please vote yes!

Thank you,
Deidre Abrons

Hello City Clerk,

Attached is the link to our video. Could you please play it during public comments on the Transportation Commission's project presentation at the City Council meeting on June 4th? Would you be able to queue it up prior? Perhaps hook up a projector and speaker, and have the projection screen down, all in advance of the meeting? The video was also played at the Transportation Commission meeting this week and this is how they prepared it. Mr. Joe Keiser will be in attendance at the meeting, and will be able to give some background to the video for us. The video could then be played right after he says a few words. Please let me know if this would be possible. If so, I will let Joe know to be prepared.

Here is the video link via Google Photos:
