National Disability Voter Registration Week

July 15-19, 2019

Why NDVRW?

Voter registration drives are a great way to promote community involvement and civic participation across the country. There are many issues that Americans are passionate about ie- education, transportation, healthcare etc. The first step, is to help your community get registered to vote!

The [REV UP Campaign](#) coordinates National Disability Voter Registration Week (NDVRW) each year on the third week of July to increase the political power of people with disabilities while also engaging candidates and the media to recognize the disability community. **REV UP** stands for **Register! Educate! Vote! Use your Power!**

[Find an event near you!](#)

Hosting a Voter Registration Event

Getting people with disabilities registered to vote is the first step to increasing the political power of people with disabilities. [Submit information about your event here](#) and we will include it on the [REV UP State Resources and Events page](#).

- **National Disability Voter Registration Week Toolkit**

The NDVRW Toolkit includes: a guide on how to organize voter registration events, ideas on other ways to participate in NDVRW, sample social media posts and graphics, and other resources. If you are planning voter registration events or other activities, please keep the REV UP Campaign updated on your efforts.

- **Partnerships with Local Libraries**

AAPD is pleased to partner with [EveryLibrary](#) to bring National Disability Voter Registration Week (NDVRW) to libraries across the country. In 2017, over 150 libraries around the country participated in NDVRW. Libraries promoted the week and participated through programming.
