RE: Harbor Bay Business Park – PD81-2/City of Alameda Resolution 1203

SEP 05 2019

PERMIT CENTER
ALAMEDA, GA 94501

Dear Allen and Linda:

We are submitting a planning application requesting the City to proceed with a General Plan Text Amendment to help clarify the FAR requirements related to 1951 Harbor Bay Parkway and a proposed build-to-suit office project for Exelixis, Inc.

This is timely and relevant to Exelixis, a growing life science company that develops and commercializes treatments for cancer and is leasing four of the existing six office/lab buildings at The Waterfront, and now plans to build a 220,000sf office headquarters to accommodate approximately 900 new employees.

Exelixis serves as a model for business development and retention in Alameda. Exelixis was previously headquartered in South San Francisco for 20 years but made the move to Alameda in 2018 for better growth opportunities. They initially performed laboratory and office improvements in two buildings at The Waterfront campus, and with their continued R&D and commercial successes, have been able to expand in-place to now occupy four of the six existing buildings at The Waterfront.

Looking out 2-4 years into the future, Exelixis entered into a lease with srmErnst Development Partners to build a new 220,000sf office headquarters next door to The Waterfront to accommodate their growth and commitment to Alameda and the Harbor Bay Business Park. The intention is to connect 1951 Harbor Bay Parkway to The Waterfront campus enlarging their footprint in a cohesive campus.

It is srmErnst's understanding that the FAR limitations set forth in Section 46b of City of Alameda Resolution 1203 (PD81-2) are not intended to apply to The Waterfront campus and 1951 Harbor Bay Parkway. Therefore, we are requesting the City to proceed with its proposed General Plan Text Amendment to clarify the intent and extent of Section 46b and confirm that the FAR limit governing The Waterfront and 1951 Harbor Bay Parkway is per Section 44 of 1203/PD81-2.

Sincerely,

srmErnst Development Partners
