

Alameda Progressive Support of Jim Oddie Nov.4, 2019

Alan Pryor-During Public Speaking at beginning of meeting.

Good evening Mayor, Council and staff. I am Alan Pryor a resident of Alameda and here tonight representing the Alameda Progressives with a statement of support for Council member Jim Oddie:

We, the Alameda Progressives, support Council member Oddie's request to release the tape recordings of his conversation with former City Manager, Jill Keimach in August of 2017.

We concur with Councilmember Oddie. Our Community needs to "move past this to fully focus on addressing the needs and vital services for all Island families."

Secret tapes and innuendos have allowed rumors and speculations to spin out of control. Let's hear the tapes. Alamedans can judge for themselves. In the interest of transparency and open dialog, the Alameda Progressives urge that the tape recordings are released to the public.

Thank you.
