Hi, this is for item 7846. My sister works at City Hall and I'm extremely worried because they're not shelter in place and City Hall should be close to all workers. Um. I just don't understand why she still needs to show up so worried. Thank you so much for considering this request that the City Hall workers be sent home or work from home. Thank you.

Hi, this is for agenda item number 7846 my child works at City Hall and still comes over to my house on a regular basis you must close City Hall workers can carry the virus and not know, reduced hours in staggered workforce is not enough. I hate for my job to come home and give me a corona virus? I don't understand what we're waiting for. This is a dangerous situation too senior such as myself with compromised health issues and I don't want my child to ever think that they are responsible for my debt. Should I get the virus. I appreciate your understanding and I hope the City Council votes too close. City Hall to all. Thank you.
