Alameda, CA 94501

Subject: Fees for Line Extensions at the Alameda Point Reuse Project

Dear Ms. Smith:

In accordance with Alameda Municipal Power's (AMP's) Rules and Regulations Article X, the applicant/ developer will be charged for all the expenses related with pre-engineering, performing preliminary site investigation, plan review, designing utility duct systems, conducting system impact studies, project coordination, construction inspection and testing. The applicant/developer will also be billed for 100% cost of distribution line extension. AMP will require a refundable deposit for transformers rated 750 kVA and higher based on their capacity utilization. For underground trunk feeder extensions, the developer is responsible for paying sixty-percent of all costs incurred by Alameda Municipal Power. Below is the estimated project cost;

Materials	-	\$ 177,543
Labor	-	<u>\$ 255,854</u>
Sub-Total	-	\$ 433,397
Contingencies (10%)	-	<u>\$ 43,340</u>
Grand Total-		\$ 476,737

In this regard, please remit the amount of **\$ 476,737** to Alameda Municipal Power in order to support this project in a timely manner.

Feel free to contact me at (510)748-3987 or Diosdado Hernandez at (510) 748-3996 if you have any questions or need clarifications.

Sincerely,

Ludwig Simpao, P.E.
Electrical Engineer
Alameda Municipal Power
