Good evening hard working Staff  
Please read this in support of Redgwick Construction from me,  
Michael Ginter

Thank  
you

555736

Good Evening honorable Mayor and Honorable city council members and hardworking city staff.

My name is Michael Ginter and I am here representing the Alameda County Building & Construction Trades Council. I am here to represent the 16 thousand men and women of the most highly skilled and highly trained workforce in the construction industry.

This diverse workforce from Alameda County, many of whom live in the city of Alameda, they are proud of the work they have done and the work they are going to continue to do in this city and in the county. The jobs have allow them to live in this county and provide for their families.

Redwick Construction have training agreements with the state of California's, DAS (department of apprenticeship standards). These programs are part of the largest privately funded educational system in the USA, individuals enrolled in these many programs and that have successfully completed these courses, have received the greatest training, for construction workers, by completing this program these fine individuals have completed at the minimum 2500 hrs and up to 8000 hrs, Of on the job training and classroom training. This makes them the most productive construction workers, this insures that the future workforce is trained to build these fine projects, they pride themselves on doing the job right the first time on time and on budget.

By moving forward tonight with Redgwick Construction, the city council will be providing more good paying jobs with benefits for our members and their families. They will also clear a needed path for the City of Alameda, and the Bay Area, to continue adding the parts needed that makes this region one the most innovative places for ideas on the planet.

Thank you.

Michael Ginter  
Business Representative  
Operating Engineers Local 3  
District 20 Oakland  
1620 South Loop Road
