Security Systems Design & Integration | Technology | Consulting | Master Planning

ICU Technologies, Inc. (ICU) provides strategic Public Safety & Security solutions for State, Local, Education and Federal Government organizations. Our unique approach enables us to be a true value add partner to our clients by developing and implementing beneficial solutions that address the holistic needs of the organization, educating our clients on the best approaches in addressing their Public Safety & Security needs, and simplifying the procurement process. Our processes produce positive Measurable Business Outcomes for the clients that we work with.

As a Disabled Veteran Owned Small Business, ICU is committed to excellence and creating innovative, flexible, and scalable solutions for our State, Local, Education and Federal clients.

What differentiates ICU from our competition?

- **Our People** – Our team is comprised of experienced and knowledgeable professionals committed to the success of our clients' missions. Most of our team members have 20+ years designing and integrating safety and security systems within the Government market space. We have designed, integrated and managed many large and complex solutions. From our experiences, we have documented and learned from lessons both good and have become experts in guiding our clients to avoid certain pitfalls relating to sourcing and deploying Public Safety and Security solutions.
- **Performance-Based Processes** – ICU has invested heavily into processes that quickly gain full stakeholder consensus on solutions and approach, streamline the procurement process for our clients', and effectively deliver projects on time and on budget without sacrificing quality.
- **Trusted Partner** – Our business is to guide our clients in acquiring a solution that marks all their check boxes and mitigates all their safety and security concerns. We will never implement a solution that is not the perfect fit for specific needs. Where most providers in our service offering are looking to make a sale and move on to the next, ICU stands with our clients from inception to completion and beyond.
- **Focused Technologies** – We are experts on a suite of handpicked, best in breed technology solutions that complement each other to address holistic Public Safety & Security needs, leaving zero gaps, and delivering measurable results.
- **Passion** – ICU and its employees are passionate and take pride in making our communities Safe & Secure
- **Contract Vehicles** - ICU holds Government Services Administration (GSA) (Contract # 47QSWA18D003K) and California Multiple Award Schedule (CMAS) (Contract # 3-18-84-0054D) to save our State, Local, Education and Federal Government clients time and money in purchasing Public Safety and Security Systems. Projects can be sole sourced using these contract vehicles, eliminating the costly and time and resource consuming Request for Proposal (RFP) process.

The Basis for CMAS Agreements

The State of California establishes multiple award agreements in accordance with Public Contract Code Sections 10290 et seq. and 12101.5 (effective January 1994). A multiple award is an award to two or more contractors for the same products and/or services at the same or similar prices. Multiple award does not pertain to the number of buyers who would be ordering from the agreement, but rather the number of contractors receiving an award from a common bid process.

CMAS agreements are not established through a competitive bid process conducted by the State of California. Because of this, all pricing, products and/or services offered must have been previously bid and awarded on a Federal GSA schedule. The supplier completes a CMAS Application offering products and/or services at prices based on an existing Federal GSA multiple award schedule. This schedule is referred to as the "base" contract. Upon review and acceptance of the application, the

Buyers

Cooperative Purchasing

The Cooperative Purchasing Program allows state, local, and tribal governments to purchase IT, security, and law enforcement products and services offered through specific Schedule contracts. Cooperative Purchasing allows eligible entities to purchase from approved industry partners, at any time, for any reason, using any funds available.

Eligibility

40 U.S.C § 502 (c) offers the following definition of state or local government:

"The term, 'State or local government' includes any State, local, regional, or tribal government, or any instrumentality thereof (including any local educational agency or institution of higher education)."
Educational Institutions include:

- Local elementary, middle, and high schools operated by public school boards;
- Public colleges, community colleges, technical colleges; and
- Public universities that provide at least a two-year program that offers a degree or offers credit toward such a degree.
