Subject: [EXTERNAL] Schedule A Briefing: Connect With The Peralta Community College Bond Program Team

Greetings Ms. Wooldridge,

My name is Tiffany Knuckles - Community Relations Liaison supporting the Peralta Community College Bond Program Management Team.

We're reaching out to local business groups to see if there might be interest in setting up a briefing to learn about how the \$800 Million Bond money provided through [Measure G](#) (which passed in 2018) - is being reinvested back into the community.

We are currently setting up virtual meetings where members of the Bond Program Team and the Peralta Community College District will present to your group during a scheduled monthly meeting or standalone meeting to share where we are currently in the spending and how the various projects are coming along on the four Peralta community college campuses: Alameda Community College, Berkeley City College, Merritt College, and Laney College.

This is also an opportunity for members of the Alameda Parks Commission to ask questions about the project, provide input, and to have clarity and transparency around what's happening on the ground with the spending of bond monies.

Please feel free to reach back out to me with questions or if you'd like to go ahead and schedule a briefing for your group. You can also visit www.build.peralta.edu for more information on the bond program.

Thank you,

--
