Re: Alameda Federal Center Northern Parcel at  
620 Central Ave. Alameda, CA 94501  
GSA Control No 9-G-CA-1604-AD  
HUD #54201630019

Dear City Council, GSA, HHS, and HUD,  
***For July 6, 5PM City Council Meeting***

I am writing to express serious concern about a developer who is proposing to demolish historical WWII era buildings at 620 Central Avenue/1245 McKay Avenue, Alameda. I am strongly opposed to demolition, and ask that GSA and HHS immediately terminate the lease with the developer.

The property in Alameda has historical significance as a WWII Merchant Marine training facility, one of only two in the nation at that time. The U.S. Merchant Marines suffered the highest casualty rate in WWII, 1:26. They did not receive veteran status until 1988. Last year, Congress commissioned the Congressional Gold Medal to commemorate the U.S. Merchant Mariners who served in WWII. This site is also unique in that it retains 11 out of the original 25 buildings between Crown Memorial, East Bay Regional Parks, and the GSA surplus property of 3.65 acres. Because the Merchant Marines were not properly recognized for so many decades, please don't continue to ignore the importance of their efforts. This property warrants preservation instead of demolition. I respectfully ask that you review the following bullet points and reject any request for demolition.

1.

The Alameda Historical Advisory Board voted last month to keep this property on the municipal "Study List" with a "S" (State) designation. This indicates that the property has historical significance to the community. The developer attempted to remove the property from the Study List because they circumvented the Planning Board process last year and proceeded to Design Review without properly following the Municipal Code procedure of going to the Historical Advisory Board to propose any changes to existing structures on the property. Furthermore, demolition is also considered when an applicant can prove that a property is a "detriment" to the community. This was never discussed. In fact, the property is NOT a detriment at all, and the developer stated in election mailings that the buildings were "structurally sound", held open

houses to garner support, and repeatedly stated they could be repurposed.

2.

Voters expected reuse. The City held a special election in 2019 that stated: **Measure A:** *"Shall an ordinance confirming the City Council's actions to permit reuse of vacant federal buildings on a 3.65-acre parcel on McKay Avenue and allow for the development of a wellness center for senior assisted living and supportive services for homeless individuals by changing the General Plan designation from "Federal Facilities" to "Office," removing the Government Combining District classification and maintaining the existing zoning district designation, be adopted?"* (emphasis added). Since the project has deviated from what was proposed and brought forth to the voters, a new election should be held in good faith to the community.

3.

The developer has not presented any financial documents to the City or public. Just because their project is no longer suitable for the current property, doesn't mean they should circumvent the intent of the McKinney Vento Act which is to utilize existing property to service the community. Other more suitable properties are available such as the Enterprise parcel in Alameda that was recently released as surplus.

4.

The site has potential long term economic interest to the City as a site of historical tourism. There has been a request to the Government to open the Section 106 process to fully evaluate the historical significance of the property before moving forward. Other nearby cities have repurposed WWII era buildings such as Rosie the Riveter in Richmond, CA, and the Presidio in San Francisco. <https://www.nps.gov/subjects/historicpreservation/national-historic-preservation-act.htm>

5.

There is a pending application to the National Register of Historic Places for the site. The City should wait until the application is fully evaluated by State and National historians, especially as it is linked to World War II mobilization efforts and represents a unique branch of the military service that was not officially recognized until decades after their service.

6.

The architect was Harry A. Bruno, a notable and prolific architect in the Bay Area. He was part of a highly influential group of architects who began their careers leading up to WWII, designed military architecture mobilization and rooted their later efforts in the mid-century modern movement. His substantial

portfolio included other significant maritime projects such as Jack London Square, the Watergate in Emeryville and the Marina at Ballena Bay in Alameda. His residential projects have been noted in Sunset Magazine, the National Register, and he has been recognized with the highest award as a Fellow of the American Institute of Architects (F.A.I.A.), an achievement only 3% of architects receive. This potentially categorizes this architect as a “Master” in his field. Because the original drawings of the site were only recently discovered, all previous reports failed to recognize the importance of this architect.

7.

The 1996 Page and Turnbull report submitted by Staff on the Agenda item is too old to be fairly considered as an objective decision. The 2003 SHPO letter was also not a good faith evaluation as it referred directly back to the 1996 report and no new research was conducted. The recent Page and Turnbull report called “Memorandum” also failed to conduct any new research, and lended an opinion about its qualifications once again based on **old** information and more emphasis was placed on architecture than on its historical significance in WWII as a mobilization training facility etc. Now that there is confirmation about the architect, these reports should be fully updated. Also, Page and Turnbull could be contracted to do an “Adaptive Reuse Study” as they recommended in an email in correspondence.

8.

The site is worthy for other community services that are accepted under the McKinney-Vento Act such as a Food Bank, Childcare services, Veterans services etc, as was originally proposed by the developer in early stages of their communication with the GSA. Demolition is not justified.

Thank you for your consideration.

Respectfully,  
Diana Tweddale

**Subject:** [EXTERNAL] Wellness Center Support  
**Date:** Tuesday, June 22, 2021 8:45:13 AM

---

Hi Clerk and City Council,

I just wanted to voice my support for the HABS decision to allow the demolition of the buildings necessary to build the wellness center. I am an ARDENT preservationist AND sometimes you have to demolish older buildings to make progress. This is one such time. Please proceed and let the APC get on with building a facility that will serve those in need.

Respectfully,

John and Jean Brennan

John Brennan

**1,079 have signed. Let's get to 1,500!**

**At 1,500 signatures, this petition is more likely to get picked up by local news!**

**At 1,500 signatures, this petition is more likely to get picked up by local news!**

**Sheila M. Sova started this petition to Alameda Historical Advisory Board**

**Help save save and preserve the Alameda, CA historic WWII Merchant Marine training site!**

**PETITION OBJECTIVE:** Please take action by signing this petition to explain to the Alameda Historical Advisory Board the historical significance of the U.S. Merchant Marine Training School so that it may remain on the Historical Advisory Board Study List with an "S" (State) designation:

Assistance is needed in supporting the preservation of a historic U.S. Merchant Marine Officer training school in Alameda, CA, located on a 3.5-acre parcel. This site was one of only two officer training schools in the nation that led the efforts in providing crucial support in WWII. The site in Alameda is unique and historically significant. A developer has recently petitioned the City of Alameda to remove the property from the Alameda Historical Advisory Board "S" Study List, in order to move forward with demolition of all the buildings on the property.

We realize that many of you had fathers or grandfathers who trained at this historic site. We are relying on YOU to speak up and help preserve history! In addition to signing this petition, please take time to email and/or write to the Alameda Historical Advisory Board:

**Physical mailing address to the Historical Advisory Board Members:**

## City of Alameda, Historical Advisory Board Members

Attn: Lynn Jones, Alvin Lau, Norman Sanchez, Thomas Saxby, Jenn Wit

2263 Santa Clara Ave

Alameda, CA 94501

### Email addresses:

-City Clerk: Clerk@alamedaca.gov

-Alan Tai, Planning Board, Secretary to Historical Advisory Board: atai@alamedaca.gov

- City Manager: manager@alamedaca.gov

- Theresa Ritta, HHS program manager: theresa.ritta@psc.hhs.gov

### Following are points of discussion of which to engage Board Members:

- The U.S. Merchant Marines led extraordinary efforts during WWII, supplying crucial supplies to our troops and Allies, risking their lives as the front liners, and assisted in what ultimately resulted in victory. The U.S. Merchant Marines also had the highest casualty rate per capita during WWII.
- The U.S. Merchant Marine Training Officer School in Alameda was a crucial component to their heroic efforts, preparing leaders to strategize and organize troops. The radio operator component of the school was also an important contributor to these efforts.
- The only other U.S. Merchant Marine Officer School at Fort Trumbull, CT does not have the unique character and design as the original buildings in Alameda. The training school at Fort Trumbull repurposed older barracks dating back from the 1800's. The facility in Alameda was intentionally built at Neptune Beach for these WWII efforts. The training facility at Sheepshead's Bay in NY was razed in 1960. This site in Alameda is one of the last remaining remnants of the historical significance of the U.S. Merchant Marine efforts in WWII as well as the Korean War.
- This property should be protected, and the buildings should be repurposed to include an interpretive center, community space, museum, and other historical artifacts from WWII.
- This is an opportunity to preserve and honor the legacy of our veterans and educate the public on the history of the U.S. Merchant Marines and dedicated service in WWII, and to show how Alameda played a part in those important efforts.
- The Historical Advisory Board will be next discussing this issue in May.

### Following is the exact location of the property; please note that much of the original property and buildings are already gone:

-Alameda Federal Center Northern Parcel, located at: 620 Central Ave. Alameda, CA, 94501

-GSA Control No 9-G-CA-1604-AD; HUD #54201630019

-Assessor's Map: 21-004/26-2; 3.65 acres; 37°46'13.0"N 122°16'43.9"W

### History of the property:

1942: A 100-acre site was established as a U.S. Merchant Marine Officer Training School in Alameda, CA that included 25 buildings.

1943-1957: The property served as a U.S. Merchant Marine Officer training school, Radio Operator school, and Korean War training facility. The property became surplus in 1957.

1961: Most of the acres were sold to the State of California. The G.S.A. retained 7.5 acres as the "Alameda Federal Center". The G.S.A. utilized the buildings for U.S.D.A. testing labs and other lab facilities. At this time, the G.S.A. demolished several buildings on the southern parcel.

1978: The City of Alameda established the Historical Advisory Board and listed 620 Central Avenue on the Study List with an "S" (State) designation.

2003: The G.S.A. sought information for inclusion of the federal property on the National Register of Historic Places. The determination resulted in ineligibility for the "N" (National) designation as an analysis determined that much integrity of the site had been lost. (This however, does not preclude the site from remaining on the "S" (State) designation on the local historic registry.) At this time 17 structures remained on the property.

2011: The G.S.A. consolidated use on the 3.65-acres of northern parcel, and placed the southern 4-acre parcel for sale.

2015: East Bay Regional Parks purchased the southern parcel of 3.9 acres for \$2.18 million, and incorporated it into the adjacent parkland.

2016: The U.S.D.A. abandoned use of the property.

2018: The G.S.A. determined the property as "surplus" which made it available to homeless service providers under the McKinney Vento Act. Alameda Point Collective submitted an application with their intention to reuse and repurpose the existing buildings. A.P.C. then petitioned to enter into a lease agreement with the G.S.A. This lease expires 9/2021, unless the G.S.A. determines that A.P.C. satisfies the requirements and financial feasibility of their project to be deeded the property.

2019: The City of Alameda had a special election (Measures A and B) to remove the "G" (Government) overlay on the Central Ave/McKay Avenue property. Measure B was a competing measure for an "Open Space" designation. The election was close, and ultimately the "G" overlay was lifted and A.P.C. moved forward on their plans to propose a county-wide homeless facility. A lawsuit against A.P.C. was brought forward by a local citizens group. It challenged the validity of a lower-level environmental report instead of the higher level C.E.Q.A. mandate. This case was dismissed.

2020: A.P.C. presented one part of their project for approval to the Design Review Board, Planning Board, and then City Council. It stated repurposing of the U.S. Merchant Marine barracks. A second lawsuit was brought forward and is still pending. It challenges that A.P.C. neglected to address the Historical Advisory Board before proceeding to Design Review as the property is on the Historical Advisory Board Study List with an "S" designation.

2021: A.P.C. petitions the Historical Advisory Board to delist the property from the historical designation, and states an intent to demolish all of the remaining 11 structures on the property. City staff from the Planning Board seemingly supported this by characterizing the delisting as merely a "clean up" effort.

ATTN: City Council Meeting 6/15/21, Item 6-G

Dear City Council Members,

I object to Alameda Point Collaborative's proposal to demolish the buildings at McKay Ave. APC has maintained deplorable records of maintenance of their leased property on the Naval Base. See the following code enforcement violations, repeated fire damage and expired permits. Their mismanagement should not be rewarded by allowing them to build yet another facility.

Furthermore, the voters expected reuse of the federal buildings, as they advertised and conducted tours throughout a very misleading campaign.

Sincerely,  
Alameda Resident

Fire at 2530 Barbers Point: Is this part of APC property

Various permit numbers, including **CB05-1305**

Units affected 104, 105, 205, 209, 210, 211, 212

**Concerns:**

Have water heaters been replaced at APC over the years? There's no record of any permits pertaining to water heater replacement, except for one that expired at 351 Stardust Place.

Have any units had electrical upgrades? There are permits for floodlights but no other upgrading since the units were rehabilitated in 1999.

Have any furnaces been replaced at APC over the years? Also no records since 1999.

Have any roofs needed replacement or repair?

Has APC installed the required Emergency Earthquake Shut off Gas Valves now required in Alameda? Installation requires a permit, and there are no permits noted on record.

Note: **CB01-0503 for** SUBLEASE-T/I NATIVE AMERICAN HEALTH CLINIC-COMMON AREA TO RECEPTION AREA & WAITING ROOM/FINISH EXAM ROOM #1 & #2 W/SINK & REMODEL BATHROOM & STORAGE ROOM;INSTALL FURNACE  
08/03/2001

Is there already a health clinic at APC?
