Subject: Traffic Safety Improvements Requests on 5th Street

The 5th Street neighbors group live a block away from Paden School, which makes us part of a school zone. Based on the high number of reported crashes and injuries in school zones, coupled with the dramatic increase in car racing on 5th Street, we strongly believe our requests listed below will help reduce Speeds and Crashes [Goal #4 – Decrease Speeds and Crashes].

Traffic Safety Improvement Requests for 5th Street:

- Traffic Readers
- Speed Cushions/Bumps
- Speed limit signage
- School Crossing on 5th and Taylor
- License Plate Readers (suggested by the Police Dept)
- Slow Streets (specifically designed for school zones)

Thanks for your consideration,
Karen Bey
