4-A. Pension Payroll and Financial Reports – Quarter Ending December 31, 2018 and City of Alameda Police & Fire Pension Funds Financial Reports for the Period Ending December 31, 2018.

Finance Director Adair explained that the quarterly financial reports are typically presented by the Financial Services Manager, currently vacant. The reports show 3 months of activity. The 3<sup>rd</sup> month's payment is typically larger for example, because December usually has increases due to the uniform allowance.

Mayor Ashcraft inquired why a uniform allowance is paid to retired employees, to which Finance Director Adair replied that based on their plan when they retired, along with getting a pension, the retirees also got payment of a uniform

allowance. Trustee Nancy Elzig confirmed it was part of the contract. Adair further explained the finance statement commonly contains the staff report and the attached revenue and expenditures statement.

Adair next explained these closed account funds would be used to pay down unfunded liability, as approved by council. At the end of the year, the money accumulated in these funds after pensions are paid are used to pay down the pensions through CalPERS or IRC 115 Trust. Further, Adair stated the financial statements are rolled into the general fund statements due to GASB regulations, where as they had previously been listed as separate funds. Adair continued to explain that the differences in balances between December and June 30<sup>th</sup>, the end of the fiscal year, would be proposed for appropriation.

Mayor asked if these financial statements included anything out of the ordinary. Adair stated nothing was out of the ordinary and that the expense will go down as participants are removed from the rolls. Trustee Elzig stated that the funds had run out of money and it was found necessary to use the general funds. Director Adair indicated it has been paid from the General Fund since her appointment to her position.

Trustee Elzig moved to accept the financial statement as presented and Secretary Bronstein seconded. Passed 2-0.

Mayor asked one further question, if a death benefits would be paid out of this fund? Secretary Bronstein replied there are no survivor benefits.
