

FLEET SERVICES COORDINATOR

DEFINITION

Under direction the Fleet Services Coordinator coordinates the purchase, requisition, and/or acquisition of parts, materials, supplies, tools, and equipment for the fleet repair shop and stores a considerable variety of supply items and specialized equipment with use of a maintenance computer program. Incumbents in this position must work closely with the department to establish vendor listings, purchase orders, and insurance requirements of vendors; and performs other related work as required.

DISTINGUISHING FEATURES

Positions in this class are responsible for supervising the shipment, receipt, issuance, storage and security of inventory in the fleet repair shop and stores. The incumbent is responsible for performing challenging clerical and manual tasks in the receipt, storage, maintenance and issuance of supplies, materials and equipment and will interpret and administer departmental procedure, direct others, and perform work relating to the operation of the fleet repair shop. The incumbent may assign work and provide guidance to employees in lower classifications, and review completed work for conformance with City standards.

EXAMPLES OF DUTIES

The following list of duties is intended only to describe the various types of work that may be performed and the level of technical complexity of the assignment(s) and is not intended to be an all-inclusive list of duties. The omission of a specific duty statement does not exclude it from the position if the work is consistent with the concept of the classification or is similar or closely related to another duty statement.

Reasonable accommodations may be made to enable individuals with disabilities to perform these essential functions.

Essential Duties
